### Board Governance Principles

Sec.

1300. Board Governance Principles

1301. Board Product

#### **§ 1300. Board Governance Principles.**

The Board will govern with an emphasis on outward vision, encouragement of diversity in viewpoints, strategic leadership more than administrative detail, and clear distinction of Board and general manager goals.

M.I. 43995 – May 17, 2000.

#### **§ 1301. Board Product.**

Specific products of the Board are those that ensure appropriate organizational performance in serving the mission of Metropolitan.

(a) The Board will be the initiator of policy, not merely a reactor to staff initiatives. The Board may use the expertise of individual members to enhance the ability of the Board as a body, rather than to substitute the individual judgments for the Board's values.

(b) The Board will direct, control and inspire the organization through the careful establishment of broad written policies and the continuous development of ends policies. The Board's major policy focus will be on intended long-term impacts of the organization, not on the administrative or programmatic means of attaining those effects.

(c) The Board will produce written governing policies addressing:

- (1) Protection of the existing water and power supplies;
- (2) Development of new water supplies;
- (3) Protection and enhancement of water quality;
- (4) Commitment to water management programs, including increased emphasis on conservation, recycling and groundwater storage and other storage programs;
- (5) Establishment of fair and equitable water and tax rates;
- (6) Financial policies – including adoption of long-range financial policies, reserve policy and the annual operating budget;
- (7) Development and/or maintenance of infrastructure;

(8) Development of compensation, benefits and other terms and conditions of employment;

(9) Guidelines relative to Board governance;

(10) Development of guidelines relative to communicating with the public, legislature, and stakeholders.

(d) The Board will assure the performance of the General Manager, General Counsel, General Auditor and Ethics Officer as measured against organizational expectations and executive limitations.

M.I. 43995 – May 17, 2000; paragraph (d) amended by M.I. 51391 - November 6, 2018.

(s) Directors within the same member public agency may transfer inspection trips among themselves if the transfer is in the best interests of the District. Acceptance of an inspection trip sponsored by another director shall not affect a director's right to sponsor an inspection trip under the other provisions of this chapter. Directors of one public agency may not transfer their inspection trips to directors of another public agency except for reasons stated in paragraph (e) above.

#### **§ 3200. Water Availability.**

In treating with application for annexation as member public agencies the District will give its favorable consideration only to areas of sufficient size and water requirements to justify as economically feasible the delivery of imported water. Preferably such areas should be so located as to control the entire production of water from local underground water basins affected.

Section 301.1.2 - Special Water Problems Committee - October 26, 1938. Section 301.1.2 repealed and Section 3100 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987; renumbered Section 3200 by M.I. 38048 - January 9, 1990; amended by M.I. 41898 - May 14, 1996.

#### **§ 3201. Annexation Criteria - Avoidance of Windows.**

(a) Back-Tax Computation - The annexing area shall be required to pay an amount that bears the same relation to total District taxes levied and annexation taxes to be levied (both exclusive of interest or adjusting factors) as the assessed valuation of the annexation area bears to the assessed valuation of the District, all data to be as of the August 31 preceding the year in which the annexation will be effective, and back interest to be simply calculated by multiplying the amount established as the bare back tax obligation by 5 percent and the resultant by half the number of years since taxes were first levied by the District.

(b) Per-acre Charge - The annexation charge per acre of land, other than land devoted to public roads, streets, highways, and freeways, to be paid by the annexing areas shall be determined by dividing the sum of the estimated replacement cost of the District's facilities and the participation rights in facilities of the State Water Project and other non-District owned projects in which Metropolitan participates, less accumulated depreciation of the District's facilities and participation rights on a replacement cost basis, less outstanding bonded indebtedness of the District's facilities and participation rights, by the total acreage within the service area of the District, all as of the end of the recently completed fiscal year.

**§ 3301. Taxes for Past Annexations.**

(a) Effective with the 1981-82 fiscal year a tax rate of 18.75 cents per \$100 of assessed valuation (to be stated as .1875% for tax levying and collecting purposes) has been established to collect annexation charges from areas annexed to the District after September 13, 1966 and before July 1, 1978 and such rate shall be continued until the annexation charge and interest on unlevied balances thereof have been raised provided, however, that in an area annexing after August 19, 1976 and before July 1, 1978 such rate shall in no event be levied for any fiscal year following the fiftieth year after the area has been annexed to the District.

(b) Effective with the 1981-82 fiscal year a tax rate of 18.75 cents per \$100 of assessed valuation (to be stated as .1875% for tax levying and collecting purposes) has been established to collect the balance of the annexation charges from areas which annexed to the District prior to September 13, 1966, and such rate shall be continued until said balance of the annexation charges and interest on unlevied balances thereof have been raised.

(c) If for any reason (due to adoption in this State of tax limitation Constitutional initiatives, legislation or otherwise), any or all of the District's taxes to raise the minimum annexation charge are unable to be levied, then the Board shall have the option to collect such charge, or unlevied balances thereof, with interest at 5 percent per annum, within said area through any lawful means now, or to become, available to the District.

4200. Water Availability

**4202. Avoidance in District Service Area of Overlapping or Paralleling Governmental Authorities (Laguna Declaration)**

**4203. Water Transfer Policy**

**4204. Sale of Water by State in District Boundaries**

**4209. Contracts**

**4210. Water Conservation**

**4211. Sale of Water to State or Federal Governmental Agencies**

#### **§ 4200. Water Availability.**

District water will be available only to cities and areas now or hereafter included within the legal boundaries of the District. This means that District water will not be sold or released under any terms to any area as long as such area is outside the boundaries of the District except as may be approved by the Board.

Section 301.1.1 - Special Water Problems Committee - October 26, 1938. Section 301.1.1 repealed and Section 4200 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987; amended by M.I. 40976 - August 19, 1994.

#### **§ 4201. Mission Statement.**

The mission of The Metropolitan Water District of Southern California is to provide its service area with adequate and reliable supplies of high quality water to meet present and future needs in an environmentally and economically responsible way.

M.I. 39412 - January 14, 1992.

#### **§ 4202. Avoidance in District Service Area of Overlapping or Paralleling Governmental Authorities (Laguna Declaration).**

(a) The District is prepared, with its existing governmental powers and its present and projected distribution facilities, to provide its service area with adequate supplies of water to meet expanding and increasing needs in the years ahead. When and as additional water resources are required to meet increasing needs for domestic, industrial and municipal water, the District will be prepared to deliver such supplies.

(b) Taxpayers and water users residing within the District already have obligated themselves for the construction of an aqueduct supply and distribution system. This system has been designed and constructed in a manner that permits orderly and economic extensions and enlargements to deliver the District's full share of Colorado River water and State Project water as well as water from other sources as required in the years ahead. Establishment of overlapping and paralleling governmental authorities and water distribution facilities to service Southern California areas would place a wasteful and unnecessary financial burden upon all of the people of California, and particularly the residents of Southern California.

Section 301.2 based on M.I. 14727 - December 16, 1952. Section 301.2 repealed and Section 4201 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987; Section 4201 renumbered Section 4202 by M.I. 39412 - January 14, 1992.

### **§ 4203. Water Transfer Policy.**

To meet its public water supply objectives in the future, Metropolitan will vigorously pursue the development of water transfers, subject to the following considerations:

(a) Water transfers, including water marketing, will be developed only on a voluntary basis with willing partners;

(b) A full-range of water transfer options will be pursued, including arrangements with appropriate state and federal agencies, public and private water entities, and individual water users;

(c) Water transfers will be designed to protect and, where feasible, enhance environmental resources;

(d) Water transfers will be designed to avoid contributing to or creating a condition of long-term groundwater overdraft;

(e) Efforts will continue to develop water transfers in cooperation with the agricultural community, which seek to avoid unreasonable operational and financial impacts; and

(f) Strategies will be developed to appropriately address community impacts of water transfers.

M.I. 39412 - January 14, 1992.

#### **§ 4204. Sale of Water by State in District Boundaries.**

The State shall make no other contract to supply project water for use within the boundaries of the District without the consent of the District, and shall not authorize any other contractor to supply project water for use outside such other contractor's boundaries and within the boundaries of the District without the consent of the District.

Section 322.13.1 based on Amendment No. 12 to Metropolitan - State Water Contract dated November 11, 1960 - Article 15(d) thereof; amended by M.I. 33642 - March 10, 1981; Section 322.13.1 repealed and Section 4202 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987; Section 4202 renumbered Section 4204 by M.I. 39412 - January 14, 1992.

#### **§ 4205. Sale of Water By One Member Public Agency to Another.**

The General Manager and General Counsel shall report to the Board any sale of water by one member public agency to another. The District will not deliver water at the request of one member public agency into the territory of another member public agency without written authorization from both affected member public agencies.

Section 322.13.2 based on M.I. 15647 - May 4, 1954; amended by M.I. 32690 - April 10, 1979; amended by M.I. 33642 - March 10, 1981. Section 322.13.2 repealed and Section 4203 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987; Section 4203 renumbered Section 4205 by M.I. 39412 - January 14, 1992; amended by M. I. 45637 - January 13, 2004.

#### **§ 4206. Carryover Storage.**

(a) The General Manager is authorized to store District water in any storage facility within any member public agency of the District where storage capacity is available. Further, the General Manager is instructed that no water is to be delivered or supplied under any storage contract until they have determined that sufficient water supplies will be available to fill the District's storage reservoirs.

(b) The General Manager is authorized to modify any arrangements with member public agencies for storage of water to provide for carryover storage, which modification shall be effective only when in writing and executed by the General Manager.

(c) Following the conclusion of each calendar year, the General Manager shall evaluate the District's carryover storage and determine the amount of carryover storage the District is expected to need during the ensuing calendar year.

Section 322.13.3 based on M.I. 25031 - December 14, 1965; paragraph (b) [formerly Section 322.13.3.2] added by M.I. 27396 - March 11, 1969; amended by M.I. 33642 - March 10, 1981; paragraph (a) [formerly Section 322.13.3.1] amended by M.I. 35992 - March 11, 1986. ## **§ 4207. Exchange of Water.**

(a) The District's policy is that any exchange of Colorado River water for State Project water between the District and any state water service contractors shall be based upon such contractor paying all of the costs associated with delivery of State water at such contractor's delivery point, or at such other point as may be mutually agreed upon, which would result in the lowest cost to the District under such exchange.

(b) If two or more member public agencies of the District desire to enter into a water exchange arrangement, the District will cooperate in such an arrangement, subject to available capacity in the District's facilities and subject to availability of water for such exchange purposes, as determined by the District.

(c) The General Manager is authorized to enter into any economically beneficial water exchange agreement, in form approved by the General Counsel, without prior Board approval upon a determination that the exchange provides water quality benefits. The annual total of all exchanges under this subsection authority shall not exceed 50,000 acre-feet. The annual cumulative net exchange cost of exchanges under this subsection shall not exceed \$500,000. Water exchanges authorized under this subsection are exempt from competitive bidding requirements under the terms of Administrative Code Section 8103. Such agreement shall be reported to the Board at the next meeting after which it is made.

I. 44109 – July 11, 2000.

## **§ 4208. No Recreational Use of Lake Mathews.**

The policy existing since 1939 that Lake Mathews not be used for recreational purposes is reaffirmed.

Section 322.13.6 based on M.I. 16404 – May 10, 1955 and M.I. 31249 – April 24, 1961; amended by M.I. 33642 – March 10, 1981; renumbered 322.13.5 by M.I. 34182 – April 13, 1982. The District may join or enter into agreements with member public agencies to make more effective use of water resources, including agreements providing for the wheeling, exchange, or banking of water, so long as such agreements serve a purpose of the District.

Section 322.6.12 - March 10, 1981, effective July 1, 1981; Section 322.6.12 repealed and Section 4208 adopted by M.I. 36464 – January 13, 1987, effective April 1, 1987; Section 4208 renumbered Section 4209 by M.I. 39412 – January 14, 1992.

## **§ 4210. Water Conservation.**

It shall be the policy of the District to undertake and support water conservation programs. To that end, the District may develop and implement such programs and enter into agreements with member public agencies and other organizations to make more efficient use of water resources through water conservation programs so long as such agreements serve a beneficial purpose of the District.

(c) For purposes of agreements existing under the Local Resource Program, Local Project Program, Groundwater Recovery Program and other similar programs, references to the “full service water rate,” “full service treated water rate,” “treated non-interruptible water rate” or “other prevailing rate” or to the “reclaimed water rate” or “recycled service rate” shall be deemed to refer to the sum of the System Access Rate, Water Stewardship Rate (not applicable in calendar years 2021 and 2022), System Power Rate, the expected weighted average of Tier 1 Supply Rate and Tier 2 Supply Rate (equal to the estimated sales revenues expected from the sale of water at the Tier 1 and Tier 2 Supply Rates divided by the total District sales in acre-feet expected to be made at the Tier 1 and Tier 2 Supply Rates), a Capacity Charge expressed on a dollar per acre-foot basis and Treatment Surcharge.

## **§ 4402. Readiness-to-Serve Charge.**

(a) The readiness-to-serve charge shall be set by the Board from time to time to recover the costs of emergency system storage and the cost of system conveyance capacity for peak and standby use not recovered by property tax revenue. The readiness-to-serve charge will be allocated among the member public agencies beginning January 1, 2003, in proportion to the average of deliveries (including exchanges and transfers) through Metropolitan’s system (in acre feet) to each member public agency during the ten-year period ending June 30, 2001; unless otherwise agreed and approved by Metropolitan’s Board; and thereafter as a ten-year rolling average; provided that Metropolitan sales of reclaimed water under the Local Projects Program, and Local Resources Program, groundwater under the Groundwater Recovery Program, deliveries under Replenishment and Interim Agricultural Water Service, and any other delivery

subject to an agreement providing otherwise, shall not be included in the water deliveries calculation.

(b) The readiness-to-serve charge shall be due monthly, quarterly or semiannually, as agreed upon by Metropolitan and the member public agency. If a standby charge is collected on behalf of a member public agency, the member public agency will be credited for the amount of net collections. This charge is subject to the provisions of Sections 4507 and 4508.

(c) The General Manager shall establish and make available to member public agencies procedures for administration of the readiness-to-serve charge, including filing and consideration of applications for reconsideration of their respective readiness-to-serve charge. The General Manager shall review any applications for reconsideration submitted in a timely manner. The General Manager shall also establish reasonable procedures for the filing of appeals from their determination.

#### **§ 4403. Capacity Charge.**

(a) Beginning January 1, 2004, the capacity charge shall be payable by each member agency for system capacity based on the maximum summer day demand placed on the system between May 1 and September 30 for the three-calendar year period ending December 31, 2002, and thereafter for a rolling three-calendar year period.

(b) The capacity charge shall be due monthly, quarterly or semiannually, as agreed upon by Metropolitan and the member public agency.

#### **§ 4404. Purchase Orders.**

(a) The General Manager shall establish and make available to member public agencies the form of the Purchase Order and procedures for its administration. The General Manager shall establish a deadline by which all Purchase Orders shall be executed by member public agencies that desire to enter into such agreements with the District. Following the deadline established by the General Manager, no member public agencies will be allowed to execute Purchase Orders.

(b) The term of the Purchase Orders shall be specified in the Purchase Order. All Purchase Orders in effect for the same time period shall be on substantially the same terms. All amendments to Purchase Orders require approval by the Board.

(c) Each member public agency executing a Purchase Order shall commit to purchase at least its Purchase Order Commitment during the term of the Purchase Order.

(d) Purchase Orders shall permit a member public agency to purchase up to 90 percent of its Base Period Demand at the Tier 1 Supply Rate for the term of the Purchase Order.

(e) All water deliveries under a Purchase Order shall be subject to the operational conditions and constraints contained in this Division. In addition, all billings and payments for such water shall be subject to the provisions of this Division in the same manner as other water delivered by Metropolitan.

#### **§ 4500. Adoption of Regulations.**

Subject to all applicable provisions of the Metropolitan Water District Act, as said Act may be amended from time to time, the following regulations shall govern the service of water by the District.

Section 322.1 based on Res. 7260 - May 12, 1970, amending Res. 3896 - August 18, 1950; amended by M.I. 33642 - March 10, 1981. Section 322.1 repealed and Section 4500 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987.

#### **§ 4501. Obligation to Pay for Water Delivered.**

(a) All water delivered through any service connection to a member public agency for use within the member public agency shall be supplied in accordance with the provisions of the Metropolitan Water District Act and the rules and regulations of the District governing such service, as set forth in Chapter 5. The District shall bill the member public agency for all water delivered through the service connection, and the member public agency shall pay the District for all water so delivered at the rate or rates and within the period from time to time fixed by the Board.

(b) In the event that any member public agency shall request in writing a delivery of water directly by the District into any distribution system owned by some other agency which serves water within the corporate area of the member public agency, the member public agency

shall be obligated to pay the District for all water so delivered at the rates and under the conditions from time to time fixed by the Board; and such delivery into such other system shall constitute delivery to such member public agency for the purpose of these regulations.

(c) Member public agency system losses of District-supplied water are losses that are inherent in the operation of a water distribution system. These include losses occasioned by evaporation, seepage, spillage, leakage, pipeline failure, or system testing. Such losses shall be charged to a member public agency in direct proportion to the classes of service in which they occur and at the rates prescribed in Section 4401 for water sold and delivered for each such class of service. Such system losses shall not affect a member public agency's obligation to sustain an interruption or reduction in the delivery of water as set forth in this Code.

Section 322.2 based on Res. 7260 – May 12, 1970, amending Res. 3896 – August 18, 1950; amended by M.I. 33642 – March 10, 1981. Section 322.2 repealed and Section 4501 adopted by M.I. 36464 – January 13, 1987, effective April 1, 1987; paragraphs (a) and (c) amended by M.I. 40865 - June 14, 1994; paragraph (a) amended by M.I. 41468 - June 13, 1995; paragraph (c) amended by M.I. 42278 - February 11, 1997; Paragraph (c) amended by M. I. 44005 - May 17, 2000; amended paragraph (a) by M.I. 50323 - December 8, 2015.

## **§ 4502. Liability and Indemnification.**

Neither the District nor any of its officers, agents, or employees shall be liable for the control, carriage, handling, use, disposal, or distribution of water supplied or delivered by the District to a member public agency after such water has been delivered to such member public agency; nor for claim of damage of any nature whatsoever, including but not limited to property damage, personal injury or death, arising out of or connected with the control, carriage, handling, use, disposal, or distribution of such water beyond the point of such delivery; and the member public agency shall indemnify and hold harmless the District and its officers, agents, and employees from any such damages or claims of damages, and shall reimburse the District for costs of repair of the District's facilities and other damages resulting from the operations of the member public agency. Neither the member public agency nor any of its officers, agents, or employees shall be liable for the control, carriage, handling, use, disposal, or distribution of water prior to such water being delivered to the member public agency; nor for claim of damage of any nature whatsoever, including but not limited to property damage, personal injury or death, arising out of or connected with the control, carriage, handling, use, disposal, or distribution of such water prior to its delivery to such member public agency, excepting, however, claims by the District for costs of repair to the District's facilities and other damages resulting from the operations of the member public agency; and the District shall indemnify and hold harmless the member public agency and its officers, agents, and employees from any such damages or claims of damages, except claims by the District for costs of repair of the District's facilities and other damages resulting from the operations of the member public agency.

Section 322.3 based on Res. 7260 – May 12, 1970, amending Res. 3896 – August 18, 1950; amended by M.I. 33642 – March 10, 1981; amended by M.I. 34826 – August 17, 1983. Section 322.3 repealed and Section 4502 adopted by M.I. 36464 – January 13, 1987, effective April 1, 1987; amended by M. I. 44812 - March 12, 2002.

### **§ 4503. Suspension of Deliveries.**

(a) Whenever repairs or maintenance of the District's system, in the opinion of the General Manager of the District, shall require suspension of delivery of water at any point or points, such delivery may be suspended without liability on the part of the District; provided, that except in cases of emergency, as determined by the General Manager, notice of such suspension of service shall be given to the affected member public agency in advance of such suspension. Metropolitan will make a concerted effort to notify and work with member public agencies regarding all scheduled interruptions. The District will schedule non-emergency interruptions for the low demand months of the year, typically October through April, in coordination with the member public agencies.

(b) Each member agency shall have sufficient resources such as local reservoir storage, groundwater production capacity, system interconnections or alternate supply source to sustain:

(1) A seven-day interruption in Metropolitan deliveries from raw and treated water distribution facilities based on average annual demands of the affected facility.

(2) For service connections installed or modified after December 31, 2008 on raw water conveyance facilities, a seven-to twenty-one-day interruption in Metropolitan raw water deliveries based on average annual demand of the affected facility.

If a member public agency has been provided with a sixty (60) day notice of when an interruption in service is to occur, the member public agency shall be responsible for and reimburse direct costs, excluding labor costs, incurred by Metropolitan in the event that a scheduled non-emergency interruption is postponed or cancelled at the request of the member public agency as a result of insufficient local resources, and the District agrees to such cancellation or postponement. Direct costs shall be determined by Metropolitan's General Manager, in consultation with the affected member agency. These direct costs shall be applied to the member public agency's water invoice following cancellation or postponement of the shutdown.

(c) Except in cases of emergency, the District, working with the member agencies, will produce a shutdown schedule each September for the annual shutdown season from October through April. The District will also develop a three-year shutdown schedule, which will give notice of the proposed shutdowns greater than seven days at least one-year in advance.

Section 322.4 based on Res. 7260 – May 12, 1970, amending Res. 3896 – August 18, 1950; amended by M.I. 33642 – March 10, 1981. Section 322.4 repealed and Section 4503 adopted by M.I. 36464 – January 13, 1987, effective April 1, 1987; amended by M.I. 42278 - February 11, 1997; paragraph amended by M. I. 44812 - March 12, 2002; paragraph amended by M. I. 45943 – October 12, 2004; paragraphs assigned (a), (b), (c), & (d) designations and amended by M. I. 45988 – November 9, 2004; paragraph (b) amended, (b)(1) and (2) added by M. I. 47730 - December 9, 2008; deleted paragraph (d) by M.I. 50323 - December 8, 2015.

#### **§ 4504. Rates of Flow.**

(a) Within any 24-hour period, changes in rate of flow through any service connection serving a member public agency will be limited to ten (10) percent above and below the previous 24-hour average rate of flow except when a specific request for a change in rate that would exceed such limitations has been made to the District; such requests (1) shall be made at least 6 hours in advance of the time such change is to be made; (2) shall be approved by the General Manager only if in their judgment the change would not adversely affect the District's ability to apportion available water equitably. The General Manager is hereby authorized to reduce the maximum obtainable rate of flow at any service connection where this regulation is being violated and in the event the capacity of the distribution system is insufficient to accommodate the above mentioned daily fluctuations in delivery rate, the General Manager shall regulate the rates of flow at any or all service connections so as to assure equitable service to all agencies. However, the District will endeavor to meet all reasonable demands for service so long as comparable service can be provided to all member public agencies being served from a related section of the District's distribution system.

(b) When flow through a service connection serving a member public agency is reduced below ten (10) percent of the requested or actual maximum design capacity of the meter, whichever is less, at that connection during a period when the service connection turnout valve is in the open position, the member public agency will be charged as though a flow equaling ten (10) percent of the capacity of such meter were being delivered, as determined by the General Manager, unless the District has been advised by the member public agency that no deliveries are required at that connection for a specified period. This Section 4504(b) shall not apply to those service connections which are not connected to pressure pipelines of the District or to those service connections being operated intermittently in a manner determined by the General Manager to be of benefit to the District under conditions such that when flow does occur at these service connections it exceeds ten (10) percent of the meter capacity. The General Manager shall have the power to waive the requirements of this Section 4504(b), with respect to any meter under either of the following conditions:

- 1) Where the member public agency served by the meter is doing everything within its capability, as determined by the General Manager, to adjust its facilities and operations so as to be able to take delivery at rates of flow not less than ten (10) percent of the requested or actual maximum design capacity of the meter, whichever is less, at that connection during a period when the service connection turnout valve is in the open position, or
- 2) When, at the member public agency's request, the District has evaluated and approved meter flows at less than ten (10) percent of the requested or actual maximum design capacity of the meter, whichever is less. All of the following shall occur for this exception to be allowed:
  - a. Analysis and testing validates the accurate operation of the service connection at the requested flow range, as determined by the General Manager;
  - b. The revised operational range of the service connection complies with all other Administrative Code requirements, including, but not limited to,

Section 4506 (Metering of Water) requiring that service connection meters have no more than a two (2) percent error when measuring flows;

- c. The service connection is using a meter type that is not a classical venturi meter;
- d. The member public agency is responsible for all costs in evaluating, testing, and adjusting the meter; and
- e. When flow through the service connection is reduced below the revised operational range of the meter, the member public agency will be charged as though a flow equaling the revised minimum flow is being delivered, as memorialized in an amended service connection agreement.

(c) When flow through a service connection serving a member public agency is increased above the actual maximum design capacity of the meter, the member public agency will be charged as though a flow equaling one hundred and twenty-five (125) percent of the capacity of such meter were being delivered, as determined by the General Manager.

(d) The General Manager shall have the power to waive the provisions of Sections 4504(a), 4504(b) and 4504(c) for a specified period with respect to any service connection if in their judgment such a waiver will serve to accomplish the current objectives of the District and will not adversely affect the operation of the District's distribution system or impair its ability to provide service to all member public agencies.

Paragraph (b) [formerly Section 322.5.2] based on Res. 7241 - February 10, 1970 and Res. 7260 - May 12, 1970; paragraph (a) [formerly Section 322.5.1] based on Res. 7260 - May 12, 1970 amending Res. 3896 - August 18, 1981; paragraph (c) [formerly Section 322.5.3] added by M.I. 31817 - June 14, 1977; section amended by M.I. 33642 - March 10, 1981. Section 322.5 repealed and Section 4504 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987; paragraph (a) amended, paragraph (c) added and paragraph (d) renumbered and amended by M.I. 42278 - February 11, 1997; amended paragraph (b), and added paragraphs (b) 1) and (b) 2) by M.I. 51165 - April 10, 2018; amended paragraphs (a) and (d) by M.I. 53064 - December 13, 2022.

#### **§ 4505. Estimates of Water Requirements and Schedules of Deliveries.**

(a) General. - Before July 1 of each year, each member public agency shall furnish the District, in form provided by the District, with an estimate of the amounts of water to be furnished to such member public agency by the District. These estimates will be used by the District in planning the construction needed to complete the District's ultimate aqueduct and distribution system; in planning the future operation of such system; and in preparing notices for submission to the State Department of Water Resources which will be used by the State to order power for pumping on the State Water Project.

##### **(b) Contents of Estimates**

(1) Each estimate furnished by a member public agency pursuant to Section 4505(a) shall contain, as a minimum, for each service connection and for each month of the year beginning with the succeeding July 1, and for the entire member public agency for each month of the succeeding four years, the following information:

(i) The quantity of water to be delivered by Metropolitan to the member public agency in full service.

(ii) With regard to water estimated to be delivered in full service, the quantity of water to be used for seawater barrier groundwater replenishment.

(iii) With regard to water estimated to be delivered in full service, the quantity of water to be used for:

(aa) groundwater replenishment

(bb) reservoir replenishment.

(2) The estimate shall constitute the member public agency's request for deliveries for the first of the five years covered therein.

#### **§ 4506. Metering of Water.**

All water delivered by the District shall be metered. Meter readings shall be made on or about the last day of each calendar month for billing purposes. Meters and control valves on water lines of the District shall be owned and operated by the District. Any member public agency may have any meter through which water is served from the District's facilities to any area within such member public agency tested by the District at any time. Any member public agency affected shall have the right to be represented by a qualified observer at and during any such tests. In the event that any such test shall disclose an error exceeding 2 percent, an adjustment shall be made in charges made to the affected member public agency, covering the known or estimated period of duration of such error, but in no event exceeding six months, and the expenses of such test shall be borne by the District; otherwise, such expense shall be borne by the member public agency requesting such test.

Section 322.7 based on Res. 7260 - May 12, 1970; amended by M.I. 33642 - March 10, 1981. Section 322.7 repealed and Section 4506 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987.

#### **§ 4507. Billing and Payment for Water Deliveries.**

(a) **Timeframe for Billing and Payment.** Except as noted herein below, invoices shall be mailed electronically, or, if requested by the member agency, by hardcopy via United States mail, not later than the tenth day of the month following delivery to a member public agency. Each such invoice shall indicate the date of mailing and the date on which the payment thereunder becomes delinquent and shall show the total amount of water delivered for each class of service, the charges for water sold and delivered for each class, the readiness-to-serve and capacity charges, as applicable, and the total amount due and owing, all as determined by the General Manager. Payment of the amount shown on any such invoice shall be due on the last business day of that month and shall be delinquent if not received by the Treasurer of the District before the close of crediting activity on the last business day of the first month following such date of mailing. When making any such payment the member public agency shall specify the invoice or invoices to which the payment shall be credited by the District.

(1) For purposes of Section 4507(a), "business day" shall mean any day other than a Saturday, a Sunday, or a Holiday (as defined in Section 1106).

(2) For purposes of Section 4507(a), "received by the Treasurer of the District" shall mean receipt either (1) in the office of the Treasurer or (2) by crediting pursuant to advance agreement with the Treasurer to the District's general demand account at the District's principal depository bank, in such form that the funds are immediately available for investment or other use or disposal by the District.

(3) For purposes of Section 4507(a), "crediting activity" shall mean either (1) 2:00 p.m. if payment is delivered to the office of the Treasurer, or (2) the cutoff time for crediting by the District's principal depository bank of that day's transactions if payment is initiated by wire transfer, automated clearinghouse transfer, interbranch transfer, direct deposit, or by other means pursuant to advance agreement with the Treasurer.

If, under advance agreement with the Treasurer, a member agency has authorized payment of any invoice by automated clearinghouse transfer initiated by the Treasurer, the Treasurer shall initiate such transfer for processing two business days prior to the business day on which such payment shall be delinquent. Failure of such transfer shall not relieve such member agency from liability for such payment or charges in the event such payment should become delinquent, except as specifically provided under advance agreement with the Treasurer.

**(b) Full Service and Emergency Storage Program Facility.** In cases where water through a particular facility is delivered during any month for full service or Emergency Storage Program Service, the bill for water delivered in such month will be prepared by applying the rates for water sold and delivered in full service to the total quantity of water delivered. If the member public agency desires to receive credit for water used in Emergency Storage Program Service, the facts concerning the quantities of water so used must be certified to the District via the District's electronic certification and billing system by an authorized user for the member public agency purchasing such water as provided for in Section 4507 (c). The amount of such credits shall be based on the difference in water rates in effect at the time the water is used.

**(c) Late Certifications.** Based on available information, the District will notify a member agency for any certification that it has not received, if known, three months from the end of the month for which the agency would normally certify. No certification received after six months following the end of any month in which such a credit is claimed will be accepted. Certifications must be received by Metropolitan before 3:30 p.m. on the third working day after the end of the month to receive credit for any preceding month on the next bill, subject to the provisions with respect to late certifications in this Section. This Section applies to all cases where a certification is required to receive a credit, whether or not specifically named in this Section, unless otherwise provided by this Code.

**(d) Determination by General Manager as to Type of Delivery.** In the event the respective quantities of water sold and delivered in any month on order of any member public agency for use therein in any water program or contract requiring certification, are not determinable to the satisfaction of the General Manager in time for preparing regular monthly bills, then billing and payment for all water sold and delivered in such month to such member public agency shall be made at the rates prescribed for water used in full service in Section 4401(a)(1) hereof. Upon the determination by the General Manager of the correct quantities of water sold and delivered and used in any water program or contract requiring certification, any adjustment which is necessary to give effect to the applicable credit for the water used in any water program or contract requiring certification, shall be made by application of credits on subsequent purchases of water from the District by such member public agency. Such adjustments shall not be made in cases where a claim for the applicable credit is not submitted within the period provided in Section 4507(c).

**(e) Obligation to Pay for Appropriate Class of Service.** If water has been sold and delivered at the rates prescribed for water sold in any water program or contract and appropriate certifications have been submitted for the water so used, but the water has in fact been used in full service or another class of service, the member public agency shall be obligated to pay the

difference between the rates prescribed for water sold for the applicable water program or contract and the rates prescribed for the class of service actually used.

**(f) Submission of Documentation by Member Agency.** With respect to water sold and delivered at the rates prescribed for water sold under water programs or contract (unless otherwise specified in an agreement with the District), original documentation supporting the use of such water as certified must be submitted no later than December 31 following the end of the fiscal year for which a certification is submitted, unless otherwise specified in an agreement with the District. If the documentation is not submitted by December 31 following the end of the fiscal year for which a certification was submitted, an agency will receive a late penalty of \$2,500. If the agency does not submit documentation by February 28/29 following the end of the fiscal year for which a certification was submitted, it shall be conclusively presumed that:

(1) The water sold from the District was used for full service, and the District's next monthly billing shall reflect such adjustment; or

(2) The yield was not produced as certified and the District's next monthly billing shall reflect such adjustment.

This provision will apply individually to each program or agreement that an agency or sub-agency participates in separately.

**(g) Review Process.** With respect to water sold and delivered at the rates prescribed for water sold under water programs or contract (unless otherwise specified in an agreement with the District) the District will complete its review within twelve months from date of receipt of the original supporting documentation.

(1) Should the District not complete its review within twelve months of the submittal of all source documentation, the review will be considered complete and the certifications final.

(2) When the review is completed, the District will notify the member agency of its initial findings for its comments. The member agency will provide its comments within 60 days. Metropolitan staff and the agency will work together to reconcile any differences.

(3) If the member agency and Metropolitan staff cannot reconcile the differences, Metropolitan's Water System Operations' Group Manager has the responsibility to consult with the member agency and make a final ruling, subject to the General Manager's oversight. If the ruling is unsatisfactory to the agency, it can be appealed to Metropolitan's Finance, Affordability, Asset Management, and Efficiency Committee.

(4) If the member agency does not provide further documentation correcting Metropolitan staff findings within the 60-day comment period as specified in (g) (2), then it shall be conclusively presumed that the District's findings are correct and the District's next monthly billing shall reflect such adjustment.

**(h) Discovery of Mistakes or Errors.** In the event a mistake or error is discovered in a District water sales record, the General Manager shall initiate appropriate corrective action. No mistake or error made more than three years prior to its discovery shall be corrected unless otherwise specified in an agreement with the District. In the event a mistake or error is discovered by a member agency in its water sales record or certifications, no mistake or error made more than three years prior to its discovery shall be corrected unless otherwise specified in an agreement with the District.

(1) A District water sales record shall include a water billing invoice, or district invoice for other water-related charges.

(2) If the District finds the mistake or error, the discovery of the mistake or error shall be documented in writing to the member agency. The date of discovery for corrective action purposes shall be the date notice is sent to the member agency.

(3) If the member agency discovers the mistake or error, the discovery of the mistake or error shall be documented in writing to the District by either a revised certification form or letter, whichever is applicable. The date of discovery for corrective action purposes shall be the date the certification or letter is received by the District.

(4) If an incorrect invoice has been issued to a member public agency, the General Manager shall notify the affected agency of any adjustment and the manner of making any required credit or charge, neither of which shall bear interest.

(5) Mistakes or errors shall also include but are not limited to mistakes or errors in metering or recording deliveries to member agencies, entry or calculation errors in fixed charges, discovery of errors in either a member agency or sub-agency submitted certification(s), or processing of a certification(s) for the Local Projects Program, the Local Resources Program, the Groundwater Recovery Program, Conservation Credit Program, or any other water management program or storage programs or agreements unless specified otherwise in the contract.

(6) Any mistakes or error for a fiscal year period that is less than five acre-feet cumulative by agency or sub-agency, by program or agreement, shall be waived.

**(i) Rate Change.** In the event that deliveries of water are made by the District to member public agencies over a billing period during which the District's water rates change, the General Manager may cause the meters recording deliveries of water during such period to be read at the end of the period and the statement of charges for such deliveries of water may be based on a proration between the previous and new water rates for the periods of time during which each were in effect as determined by the General Manager.

#### **§ 4508. Additional Payment and Reporting in the Event of Delinquency in Payment for Water.**

In the event any member public agency shall be delinquent in the payment for water delivered and other charges as invoiced by the District, an additional charge equal to two (2) percent of such delinquent payment for each month or portion thereof that such payment remains delinquent shall be assessed, and the member public agency shall pay such charge to the District in addition to the amount of such delinquent payment. Notwithstanding the above, if the total period of delinquency does not exceed five (5) business days, the additional charge shall be equal to one (1) percent of such delinquent payment. Invoices for delinquencies including additional charges shall be mailed not later than the tenth day of each month. In the event any member public agency shall be delinquent for more than thirty (30) days in the payment for water, such delinquency shall be reported by the General Manager to the Board of Directors of the District at its next meeting. The Board, in its discretion and upon such other conditions as it may prescribe after giving the member public agency a reasonable opportunity to be heard, may order the termination of service to such member public agency until all delinquent payments, including additional charges, are made to the District or may authorize such other actions as may be legally available to effectuate collection.

#### **§ 4509. Water Restricted to Use Within the District.**

In order to ensure that water served by the District is not used for the direct or indirect benefit of areas outside the District, the amount of water served by the District's facilities that shall be made available to any member public agency shall be limited to an amount equal to that required for uses within the area of the District lying within, or served by or through, such member public agency. No area lying outside the boundaries of the District shall be served with water from the

District's facilities, except as service to such area may, when found to be such by the Board, be a reasonably unavoidable incident to the service of such water within the District, and under such circumstances the amount of water served by the District that shall be made available to any member public agency shall be limited to an amount equal to that required for uses within the area of the District lying within, or served by or through, such member public agency. Any question of fact involved in the application of this Section 4509 shall be finally determined by the Board, after giving the member public agency concerned adequate opportunity to present pertinent factual evidence and the views of such member public agency.

Deliveries shall be subject to operational, supply or demand conditions, as determined by the General Manager. The District will develop annual operating plans in coordination with member public agencies. The annual operating plans shall be developed to meet requested deliveries under anticipated conditions. #### **§ 4513. Equal Opportunity Requirements.**

Pursuant to contract between agencies of the United States and the District, any delivery of water by the District to a member public agency shall be subject to the following provisions. For

the purposes of these provisions only, the member public agency is therein referred to as "Contractor."

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Federal Contracting Officer setting forth the provisions of this nondiscrimination clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without discrimination because of race, color, religion, sex, or national origin.

(c) The Contractor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the Federal Contracting Officer, advising said labor union or workers' representative of the Contractor's commitments under Section 202 of Executive Order 11246 of September 24, 1965, as amended, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(d) The Contractor will comply with all provisions of Executive Order No. 11246 of September 24, 1965, as amended, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(e) The Contractor will furnish all information and reports required by said amended Executive Order and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the Federal Contracting Officer and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(f) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated, or suspended, in whole or in part, and the Contractor may be declared ineligible for further Federal Government contracts in accordance with procedures authorized in said amended Executive Order, and such other sanctions may be imposed and remedies invoked as provided in said amended Executive Order, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(g) The Contractor will include the provisions of paragraphs (a) through (g) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of said amended Executive Order, so that

#### **§ 4517. Cooperative Storage Program.**

(a) The Cooperative Storage Program that provides a means for coordinating storage capacity available to the District's member public agencies, with the District's annual carryover storage needs as those needs are determined under Subsection 4206(c). The purpose of the Program is to place additional amounts of imported water in local storage to improve regional water supply reliability within the District's service area, in a manner that will recognize local costs and risks of participating in the program, but will not adversely impact either the District's finances or the member public agencies' ability to participate in the Replenishment Service Program.

(b) Storage Allocation - The General Manager shall allocate needed storage by reservoir and by groundwater basin to optimize the availability and usefulness of the storage to the District; and shall administer the Program so that, in any fiscal year, Program water in storage shall be accessible to offset demands on the District that year by the participating member public agency pursuant to subsection (h).

(c) Availability of Water for Storage - The General Manager may make water available during the period May 1 through September 30, for storage under the Cooperative Storage Program, upon notice to the respective participating member public agency, subject to a determination that the storage will increase the District's ability to receive imported water supplies.

(d) Application for Participation - Member public agencies may apply for participation in the Cooperative Storage Program by filing a written application containing at least the following:

(1) A verified statement that the member public agency will comply with the requirements of this section.

(2) A water supply and demand estimate based on historical data to ensure that:

(i) The agency's participation in the Program will not offset its firm purchases of water from the District, and

(ii) The agency will store additional imported District water.

(iii) The estimate may be updated if conditions change, provided the updating is first agreed to in writing by the agency and the District.

(3) A proposal for placing water provided by the District under this Program in storage available to the member public agency, and for administering that storage pursuant to this Section.

(4) An estimate of any expected losses of Program water while that water is in the proposed storage, and the method of estimating those losses.

(5) Evidence of compliance with the California Environmental Quality Act prior to delivery of imported water for placement in Program storage.

(6) If more than one member public agency overlies a common groundwater basin, the overlying member public agencies may file a joint application, with each such agency providing a separate water supply and demand estimate for its respective service area pursuant to subsection (d)(2) and any other separate information the General Manager may require.

(e) Approval for Participation - The General Manager shall approve an application for participation in the Program upon determination that it is consistent with the requirements of this section. The General Manager shall approve the application in writing which shall include a monthly estimate of total demand, water purchased from Metropolitan, available local supplies, and the maximum quantity of District water which shall qualify for storage under the Program, and those figures shall be approved by signature of a duly authorized representative of the participating member public agency prior to storage of water under the Program. Any later modification to said figures must be approved by both parties in writing. The application of any modification shall not be effective until approved in writing. The District shall conduct end-of-the-year verifications of stored water.

(f) Storing Process

(1) The District will deliver at its cost, available imported water to the respective participating member public agency at its appropriate District service connection, for Program storage by direct or in-lieu methods, following verbal or electronic acceptance by that agency. This delivery shall be deemed to be a Cooperative Storage Program sale by the District to the member public agency as defined in Section 4118, subject to the payment requirements of subsection (i) and (j) of this Section.

(2) The agency will, at its cost, cause the water to be placed in storage in a manner that meets all applicable storage requirements; and shall warrant that the stored water shall not

be withdrawn or used until after the District releases the stored water pursuant to this Section.

(3) Program water delivered to a member public agency shall not offset a firm water sale of District Water by that agency. If a participating member public agency's firm water purchases from the District on a monthly basis during the May through September period are less than the District's firm water sales on a monthly basis during the same period in any one of the last five years, the agency must clearly demonstrate to the District, in writing, that such reduction occurred due to the availability of unexpected local water supplies. Any resulting change in the baseline established pursuant to Subsection (e) shall be approved in writing by the General Manager prior to becoming effective. Should the agency fail to make the required demonstration, the District shall bill the agency at the firm water rate for that portion of Cooperative Storage water delivered which will bring the firm water sales up to the agreed base amount of firm water for the month(s) in question.

(g) Storage Accounting

(1) Each participating member public agency shall maintain a Program storage account for Program water it stores, which shall account for monthly deliveries, releases, and storage losses approved by the District, if any, and other information which the General Manager shall deem necessary.

(2) The District shall bear reasonable and equitable losses of stored water provided that the General Manager approves the respective member public agency's justification of the loss criteria prior to placement of water into storage and shall consider those losses in allocating Program storage. Otherwise the District shall not bear any loss of stored water.

(3) Water stored under this Program shall be stored by a participating agency in such a manner as to assure that such water can be produced by that agency when released by Metropolitan. Program water delivered to a member public agency for storage shall be considered local water produced in that year for purposes of Replenishment Service.

(h) Release of Stored Water - The General Manager shall release stored Program water to the participating member public agency in which it is stored under the following criteria:

(1) Water Delivered to Storage Prior to 1995

(i) In an fiscal year when Replenishment Service deliveries are available, the General Manager may release, up to half of the Program water stored by the respective member public agency, in place of the agency's request for delivery of Replenishment Service through the District's distribution system, except for conditions described in provisions (iv) and (v) of this subsection;

(ii) In a fiscal year in which Replenishment Service or Full Service deliveries have been suspended, the General Manager shall release, and the participating member public agency shall accept, up to half of the Program water stored by the respective

public agency, to the extent the agency requests that release, except for conditions described in provisions (iv) and (v) of this subsection;

(iii) During an emergency such as an earthquake, when District water service is interrupted, the General Manager shall release up to all stored Program water stored by the respective member public agency, to the extent of the interruption in water service and that the agency requests that release;

(iv) When the Program water stored by the respective member public agency is less than ten percent of the agency's average annual purchase of Replenishment Service, whichever is applicable, deliveries for the prior four years, the General Manager may release all of the Program water stored by the agency;

(v) In any fiscal year during which a participating member public agency's Replenishment Service or Program water release request is less than its average annual purchase of Seasonal Storage Service or Replenishment Service, whichever is applicable, of the prior four years, the General Manager may release the Program water stored by the respective member public agency in combination with Replenishment Service sales up to the agency's four-year average Seasonal Storage Service or Replenishment Service purchase. The District shall not release more than half of the Program water stored by the respective member public agency for this purpose and shall provide the agency with a 90-day advance notice of the release.

## (2) Water Delivered to Storage After 1994

(i) The General Manager may release in a fiscal year up to one-third of the total amount of Program water placed in storage by a respective member public agency in place of that agency's request for delivery of water from the District's distribution system or for Replenishment Service, in order to fill Diamond Valley Lake, meet operational requirements, or reduce or eliminate shortages. Program water used to reduce or eliminate shortages, or for operational requirements may be released during any ten months selected by the General Manager during a twelve-month period from the time of release. Program Water may be released at any time in place of the agency's request for Replenishment Service.

(ii) Upon release of Program water by District, the participating member agency shall furnish to District, within 60 days, water supply and demand data based on historical information sufficient to document that it has produced the amount of Program water released to it.

(iii) The General Manager shall release stored Program water to the respective member public agency no later than ten years after delivering it to that agency for storage.

(iv) If a member public agency receives delivery of Program water for storage after 1994, any Program water that agency has stored in previous years shall also be subject to the release provisions of this Subsection (h)(2).

(v) Participating Member Public Agencies may transfer Program water they have placed into storage under the Program into other long-term water storage programs the District may develop as part of its Integrated Resource Plan under mutually agreeable transfer terms, executed in writing by both parties.

(i) Payment

(1) The participating member public agency shall pay the District's incremental costs of delivering Program water for storage plus interest at the average yield on the District's investment portfolio, from the date of delivery to the member public agency to the date of the invoice. Pursuant to the provisions of Section 4507, the District will invoice the member public agency on or about July 10 of the calendar year following the year in which the water is delivered.

(2) At the time the General Manager releases stored Program water to the respective participating member public agency the District shall invoice the respective participating member public agency pursuant to the provisions of Section 4507, at the applicable treated or untreated Replenishment Service rate in effect when the respective Program water was placed in storage, less any previous payment for the incremental costs of delivering the water for storage (but not including credit for the interest required by Subsection (i)(1)).

(3) Water released from storage to the participating member public agency shall be the oldest water then in storage.

(4) Readiness-to-Serve Charge Treatment.

(i) Program water delivered to storage prior to April 12, 1994 shall be exempted from the Readiness-to-Serve charge determination. Those charge determinations shall be applied to water delivered to storage after that date, except as applied in (ii) below, when the stored water is released to the participating member public agency.

(ii) The Readiness-to-Serve charge for Program water delivered for storage in 1995 shall be \$36 per acre foot and will be paid monthly as the water is released to the member public agency.

(j) Penalty - A participating member public agency shall pay the applicable treated or untreated Full Service water rates for Program water the District delivers to it for placement in storage, to the extent it fails to comply with all the requirements of this Section.

(k) Indemnification - Participating member public agencies shall indemnify and defend the District, its employees, officers and directors for any injuries or damages that may be caused as a

result of placing Program water in storage, storage itself, or storage releases and related withdrawal or use of Program water.

#### **§ 4518 Emergency Storage Program.**

(a) The Emergency Storage Program is for the purpose of delivering water for emergency storage purposes. A member public agency may request delivery of water under the Emergency Storage Program. The minimum delivery of water for emergency purposes pursuant to any request is 10 acre-feet. Deliveries under the Emergency Storage Program, in the aggregate, are limited to 100,000 acre-feet annually, subject to available surplus and capacity to deliver. Water delivered under the Emergency Storage Program can be used only for Emergency Storage Program purposes. On-going operating losses such as evaporation cannot be replaced through the Emergency Storage Program. Water delivered through the Emergency Storage Program is subject to interruption by Metropolitan due to supply, water quality, or operational conditions. Water delivered pursuant to the Emergency Program may be withdrawn from emergency storage only to the extent that:

(1) The local agency's governing body declares an emergency requiring public notice and extraordinary conservation measures.

(2) The emergency requires use of stored water for a period greater than seven days; and

(3) Operational storage has been completely used.

(b) Applicable rate – Water delivered through the Emergency Storage Program will be billed at the then applicable Tier 1 cost including System Access Rate, System Power Rate, Water Stewardship Rate and Tier 1 Supply Rate. The Treatment Surcharge will apply to treated water deliveries. Water delivered through the Emergency Storage Program is not to be included in the calculation of a member agency's Readiness-to-Serve Charge or Capacity Charge. The Water Stewardship Rate is inapplicable for calendar years 2021 and 2022 and therefore, this section is also inapplicable during that time period. Water delivered through the Emergency Storage Program during this time will be billed at a rate for the transaction to be agreed upon by Metropolitan and the member agency.

(c) Certification

(1) Certification process is subject to the rules specified in Section 4507.

(2) On a monthly basis, a participating member public agency will certify the volume of water delivered for Emergency Storage Program purposes for billing purposes via the District's electronic certification and billing system.

(3) A member public agency that has received water under the Emergency Storage Program shall certify to Metropolitan whether water delivered through the Emergency Storage Program is maintained as emergency storage and/or indicate the emergency for which the storage water was withdrawn. In the event of an emergency where the water is unavailable due to its prior use to meet non-emergency demands, the water will be re-billed to the member agency at the then current Tier 2 cost.

#### **§ 4519      Emergency Deliveries of Member Agency Water Supplies in Metropolitan’s System**

Emergency deliveries of member agency water supplies in Metropolitan’s system are intended to provide Metropolitan’s member public agencies the ability to deliver member agency water supplies through Metropolitan’s system under specific emergency conditions, subject to the General Manager’s approval and the requirements listed herein.

(a) Emergency: For the purposes of this section, an emergency shall be defined as a condition in which Metropolitan is physically unable to make deliveries to an operable existing member agency service connection due to damage associated with a natural disaster or other catastrophic event, for a period expected to be greater than seven days. For purposes of an emergency under this section, member agency supplies include any water the member agency introduces into Metropolitan’s system even if all or part of its supply was originally delivered to the member agency by Metropolitan. The determination of an emergency shall be made solely by Metropolitan’s General Manager.

(b) Emergency Deliveries: Use of Metropolitan’s system for emergency deliveries of member agency water supplies will only be considered if:

- i) There are no alternate means for Metropolitan to make deliveries to the member agency’s system through another service connection on Metropolitan’s system, and
- ii) The member agency has no feasible alternate method(s) to provide extended service to an area without the use of Metropolitan’s system. Feasible alternate methods include, but are not limited to, use of interconnections with other neighboring agencies, delivery of other member agency water supplies, and use of local emergency storage reserves. The determination of feasible alternate methods shall be made solely by Metropolitan’s General Manager.

(c) Multiple Agencies: A member agency may move its supplies through Metropolitan’s system due to an emergency: (i) to make emergency deliveries to itself, and/or (ii) to make emergency deliveries to one or more other member agencies that request this because the agency or agencies have no feasible alternate methods of delivery. In the latter situation, all of the requirements, liabilities, and indemnifications of a member agency in this section shall be

divided or shared between the participating member agencies, and Metropolitan shall have no such responsibilities. The participating member agencies shall agree to the division or sharing of requirements, liabilities, and indemnifications in writing in advance of the emergency deliveries, subject to Metropolitan's review and approval. The term "member agency" is referred to in singular form throughout this section, but can apply to multiple participating agencies, where applicable.

(d) Ability to Serve: Metropolitan's General Manager reserves the right to determine if Metropolitan's system will be used for emergency deliveries subject to available system capacity and facility impacts. Emergency deliveries of member agency water supplies may not occur if doing so impairs or impedes Metropolitan's emergency recovery efforts.

(e) Water Quality Standards and Liability: The member agency will be responsible for meeting all water quality standards and requirements for its member agency water supplies introduced into Metropolitan's system during the emergency and until Metropolitan's system is completely flushed with Metropolitan's water at the conclusion of the emergency operation. In addition:

- i) The member agency shall assume all risk of any adverse impacts to water quality and system conditions attributable to its emergency deliveries of member agency water supplies through Metropolitan's system and other affected facilities, including all other affected downstream member agency connections and systems that may receive all or part of the member agency water supplies.
- ii) Prior to initiation of emergency deliveries, the member agency will provide the necessary water quality data to confirm the compatibility of its member agency water supplies (either treated or untreated) with Metropolitan's water and distribution system. Water quality characteristics of the supplied water must be compatible with Metropolitan's water to ensure compliance with regulatory, aesthetic, physical, and operational objectives in Metropolitan's system.
- iii) The member agency is responsible for obtaining all required drinking water permits and/or approvals for the new water source(s) from the State Water Resources Control Board, Division of Drinking Water. If another member agency is not participating in emergency deliveries but is affected by a member agency's participation, the participating member agency will coordinate with the affected agency and ensure that all compliance and permitting requirements are met for the affected agency.

(f) Indemnification: The member agency must indemnify Metropolitan for any claims arising from the emergency deliveries as set forth in Section 4502 of Metropolitan's Administrative Code, as may be amended over time, and from any costs or liability arising out of any violation by the member agency of any laws or regulations related to the emergency deliveries, including but not limited to CEQA and its implementing regulations. In addition to indemnity under Section 4502 of Metropolitan's Administrative Code, the member agency shall defend, indemnify, and hold harmless Metropolitan, its Board of Directors and its officers, agents, and employees from all liability and claims of any kind arising out of or in connection with any

effects on the member agency's, its member subagencies', or any other affected parties' water quality and/or operations as a result of the emergency deliveries.

(g) System Integrity: The member agency is responsible for paying for all costs of repairing any damage resulting from the emergency deliveries that occurs in the portion of Metropolitan's system being used and affected by the member public agency during the period of emergency deliveries. To ensure the timely return of Metropolitan's facilities to service and in accordance with Metropolitan's standards, Metropolitan may elect to perform the repairs on a reimbursable basis, at the General Manager's discretion.

(h) Compensation: The member agency will compensate Metropolitan for the delivery of member agency water supplies through Metropolitan's system as follows:

- i) The member agency will not be required to pay Metropolitan's rate for wheeling service for the delivery of the member agency's water supplies through Metropolitan's system during an emergency.
- ii) The member agency will pay Metropolitan for its direct costs and administration fees, as determined by the General Manager, incurred as a result of the emergency deliveries (e.g., costs associated with the use of a Metropolitan pump station to make emergency deliveries of member agency water supplies or system modifications needed to facilitate emergency deliveries).
- iii) The member agency will pay Metropolitan's full service rate (all rates and charges that apply to full service deliveries) for Metropolitan water flushed through Metropolitan's system at the conclusion of the emergency for flushing related to emergency deliveries. Flushing costs related to Metropolitan's own activities (e.g. flushing a repair zone upstream of the area used by the member agency for emergency deliveries) are not the responsibility of the member agency.

(i) Operational Requirements: Operational requirements for the emergency deliveries of member agency water supplies in Metropolitan's system include:

- i) The member agency is responsible for ensuring that emergency deliveries of member agency water comply with Administrative Code requirements, including but not limited to, Chapter 8: System Interconnections – Hydraulic Transients.
- ii) The member agency shall request and obtain approval from Metropolitan for emergency deliveries of member agency water supplies into Metropolitan's system in advance of initiating emergency deliveries.
- iii) Metropolitan shall permit commencement of emergency deliveries of member agency water supplies at its sole discretion.
- iv) At the conclusion of the emergency, a short shutdown will occur to flush the system with Metropolitan water and return the system to its normal operating configuration. The member agency agrees to cooperate with Metropolitan to return the system to its

normal operating configuration as soon as possible after the restoration of Metropolitan's system, as determined by Metropolitan's General Manager.

- v) Alternatively, rather than flushing the system with Metropolitan water at the conclusion of the emergency, the member agency can opt for Metropolitan to flush the system by pushing the member agency water supplies back to the member agency for its own use, if the member agency accepts responsibility for this process.

(j) Term for Emergency Deliveries: In their sole discretion, Metropolitan's General Manager shall determine: (i) when the emergency begins; and (ii) when the emergency ends because emergency deliveries are no longer necessary or need to be discontinued. Emergency deliveries of member agency water supplies shall not exceed one year in length unless a longer term is approved by Metropolitan's Board of Directors. Metropolitan will endeavor to provide the member agency with 72 hours' notice of the conclusion of the emergency and the return of normal operations.

#### **§ 4700. General Authorization.**

The General Manager is authorized to construct, or have constructed, any service connection requested by a member public agency, which, in the opinion of the General Manager, should be authorized and which is not specifically precluded by resolution of the Board; subject to such terms and conditions as shall be deemed by them to be reasonable and proper, and which shall, however, include the following:

(a) The District shall cause a service connection to be constructed pursuant to a written request by a member public agency in accordance with plans and specifications approved by the General Manager and by an authorized representative of member public agency. All equipment and materials required for constructing the service connection shall be acquired by the District in its customary manner, or the District may utilize therefor suitable equipment and materials on hand.

(b) The service connection shall include the facilities for diversion of water from the District's system and for delivery of such water into the pipeline distribution system of member public agency or of member public agency's affected distributor. The service connection up to and including the fitting connecting with the pipeline through which member public agency will receive water delivered through the service connection, which shall include metering instruments and a cabinet therefor, shall be the property of the District and shall be operated, maintained and controlled by the District.

(c) The costs of constructing the service connection shall be estimated by the General Manager, who shall inform the member public agency representative regarding the amount of such estimate. The total amount of such estimate shall be deposited by member public agency in advance of any action toward construction of the service connection, including all items peculiar only to a given service connection, or it may be deposited in stages, as follows:

(1) Estimated cost of final design, prior to commencement of final design.

(2) Cost of items of equipment and material requiring long term delivery, six weeks prior to the delivery date for such items, as estimated by General Manager.

(3) All remaining costs, six weeks prior to commencement of field construction; provided, however, that if the field construction period is estimated by the General Manager to exceed 90 calendar days, then payment of the remaining costs may be staged over the construction period, if the member public agency should so choose, by a series of advance deposits in amounts estimated by the General Manager to be sufficient to cover the construction in progress, but the first such advance deposit shall be made six weeks prior to commencement of field construction.

(4) Such deposits shall be held and used to defray the costs of constructing the service connection, and until such deposits have been received, except as provided in Section 4700(c)(3) the District shall not be required to undertake the construction of the service connection.

(d) Upon completion of construction of the service connection, the District shall render to member public agency a statement of all costs, audited and certified in accordance with the customary practice of the District, incurred by the District in constructing the service connection; if such costs shall exceed the sum of money theretofore deposited by member public agency with the District as provided hereinbefore in Section 4700(c) member public agency promptly shall pay to the District the amount by which such costs shall exceed such deposit; and if such costs be less than the said sum of money so deposited, any unexpended balance of such deposit shall be returned by the District to member public agency. Said costs incurred by the District shall include the costs of general administrative service and overhead expense, determined in accordance with the methods of cost accounting customarily employed by the District.

(e) Member public agency shall cause to be granted to the District or the District shall acquire at member public agency's expense, directly from the fee owner of the affected land, such easement as may be necessary in the opinion of the General Manager for the construction, operation, maintenance and repair of the service connection. Said easement and the grant thereof shall be approved by the District's General Counsel; provided, however, that fee title to the property required for such service connection may be acquired in the same manner as an easement and in lieu of an easement if the General Manager and member public agency agree that it would be advantageous to do so. Member public agency shall provide, or the District may obtain, at member public agency's sole cost and expense, a policy of title insurance insuring that clear title to the easement, or fee, is vested in "The Metropolitan Water District of Southern California, a public corporation of the State of California," subject to any encumbrances that have been approved in writing by the General Manager. The amount of title insurance shall be determined by the acquisition cost, unless the acquisition is made without cost or for less than the amount of the coverage which will be provided for the price paid for the title report, in which case the title policy shall be in the amount of such coverage.

(f) Upon completion of the service connection, the District shall be responsible for any subsequent maintenance, alteration, reconstruction or relocation of such service connection except changes which are requested by a member public agency, which changes shall be handled

as a new service connection. However, the cost for replacement of a classical venturi meter shall be the member public agency's responsibility when the following occurs: 1) the member public agency requests a meter type other than a classical venturi meter, and 2) the actual lifespan of the new meter is less than sixty (60) years from the date of commissioning. The member agency shall be responsible for each subsequent meter replacement, including all temporary or interim costs incurred during the replacement process, up to sixty (60) years from the time of the original classical venturi meter was replaced. In addition, prior to the release of water by the District into the pipeline distribution system of member public agency or of member public agency's affected distributor, each agency shall install its own flow control device or devices as a means of maintaining uniform flow. Should the service connection be of the type that delivers water into an open channel or basin for groundwater replenishment use, then member public agency shall have the following options for the design, construction, ownership and maintenance of the required flow control device or devices.

(1) The District at the request of member public agency will design, construct, own, operate and maintain such flow control device or devices deemed necessary for the regulation of water deliveries, in which case the District's responsibility shall not extend beyond the ownership of the flow control facility, and any and all liabilities arising from release of water in the quantities agreed upon by member public agency and the District shall be the full responsibility of member public agency. Construction of the aforementioned facility shall be included as an additional feature of the service connection and the related cost shall be included as a part of the total cost of the service connection.

(2) Member public agency may design, construct, own, and maintain the aforementioned flow control facility, in which case the District's responsibility shall not extend beyond ownership of its meter facility, and any and all liabilities arising from release of water in the quantities agreed upon by member public agency and the District shall be the full responsibility of member public agency. However, the quantity of water delivered to member public agency through the flow control facility at any time shall be only as requested by member public agency, subject to the ability of the District to operationally meet such requests.

Section 321.1 based on Res. 7489 - April 10, 1973 amending Res. 7038 - November 14, 1967; paragraph (f) [formerly Section 321.1.6 amended by M.I. 32690 - April 10, 1979 and M.I. 33642 - March 10, 1981. #### **§ 4701. Authority for Execution of Service Connection Agreements.**

The General Manager is authorized to execute on behalf of the District any agreement or agreements necessary or proper to be entered into between the District and a member public agency in order to provide for the construction of a service connection in the manner and subject at least in part to the terms and conditions set forth in this Chapter. Each such agreement shall be in form approved by the General Counsel of the District.

Section 321.2 based on Res. 7489 - April 10, 1973 amending Res. 7038 - November 14, 1967; amended by M.I. 32690 - April 10, 1979; amended by M.I. 35992 - March 11, 1986. Section 312.2 repealed and Section 4701 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987.

#### **§ 4702. Special Service Connection Terms and Conditions.**

If a service connection is requested by a member public agency to which the terms and conditions, or any portion thereof, whether as required by the General Manager or as required by this Chapter 6, are inappropriate in either the opinion of the General Manager or the member public agency, such request may be presented to the Board for its determination of appropriate terms and conditions, together with the reasons why the required terms and conditions are claimed to be inappropriate.

Section 321.3 based on Res. 7489 - April 10, 1973 amending Res. 7038 - November 14, 1967; amended by M.I. 32690 - April 10, 1979. Section 312.2 repealed and Section 4702 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987.

#### **§ 4703. Appeal of Decisions Regarding Service Connections.**

Any affected member public agency may appeal to the Board from any decision or action of the General Manager hereby authorized. The decision of the Board of Directors shall be final. Subject to Sections 4702 and 4703, the General Manager shall make all determinations of fact.

Section 321.4 based on Res. 7489 - April 10, 1973 amending Res. 7038 - November 14, 1967. Section 321.4 repealed and Section 4703 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987.

#### **§ 4704. Compliance with Environmental Obligations for Service Connections.**

Member public agencies are responsible for ensuring that the obligations of lead agencies as described in the California Environmental Quality Act and its implementing guidelines are fulfilled. The District shall fulfill all other obligations that may arise from its involvement in construction of the service connections and shall provide such information as it has available which is necessary to ensure compliance with the Act and its implementing guidelines.

Section 321.5 based on Res. 7489 - April 10, 1973 amending Res. 7038 - November 14, 1967. Section 321.5 repealed and Section 4704 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987; amended by M.I. 53058 - December 13, 2022.

#### **§ 4705. Fair Value of Outlet.**

The fair value of an outlet installed during pipeline construction will be established by the General Manager at the time a service connection is constructed at the outlet, and the charge to a member public agency for such an outlet will be based on this fair value; provided that any outlet larger than 24 inches or any outlet installed after a pipeline is placed in operation shall be charged for its actual cost.

Section 321.7 - M.I. 27804 - October 14, 1969; amended by M.I. 32690 - April 10, 1979; renumbered 321.6 by M.I. 33596 - February 10, 1981. Section 321.6 repealed and Section 4705 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987.

#### **§ 4706. Effect of Hydroelectric Facilities on Service Connections.**

(a) The operation of a hydroelectric generating facility on the District's water distribution system may result in a reduction in the District's minimum design pressure at the downstream service connection through which a member public agency has been receiving water pursuant to Section 4700(f). In that event, the District may, at its own expense, in order to facilitate its water distribution or maintain maximum generation of the hydroelectric power, take reasonable and appropriate measures, either to adjust its own system to continue to supply water to the affected member public agency at such minimum design pressure, or to enable the agency to pump the water on its system to a pressure equal to such minimum design pressure.

(b) For purposes of this section, the minimum design pressure is defined as the lessor of:

(1) The pressure resulting from the design flow hydraulic gradient, as shown on the District's hydraulic profiles or,

(2) The pressure resulting from a low-flow hydraulic gradient in a reach of pipeline which was designed for "falling head."

Section 321.8 - M.I. 33443 - October 14, 1980; renumbered 321.7 by M.I. 33596 - February 10, 1981.

Section 321.7 repealed and Section 4706 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987.

#### **§ 4707. Temporary Service Connections.**

(b) As used in this Chapter 8, "new construction or modification" means new construction or modification on or affecting any part of a member public agency's or subagency's distribution system which is directly connected to the District's distribution system and which could cause a hydraulic transient affecting or potentially affecting the District's system.

Section 322.5.4.1 - M.I. 34826 - August 17, 1983. Section 322.5.4.1 repealed and Section 4800 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987.

#### **§ 4801. General.**

Member public agencies shall avoid, and shall cause their subagencies to avoid, the creation of conditions that could cause hydraulic transients to damage the District's facilities. Where a member public agency or a subagency installs hydroelectric or pumping facilities on a pipeline that is directly connected to the District's system such condition may be avoided by the installation of reliable protective devices including, but not limited to, surge tanks, bypass or feeder tanks, and pressure relief valves.

Section 322.5.4.2 - M.I. 34826 - August 17, 1983. Section 322.5.4.2 repealed and Section 4801 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987.

Such notice shall be accompanied by project plans and specifications. Within 30 days after receipt of the notice, the District shall notify the member public agency or subagency of its comments on such plans and specifications for the purpose of minimizing the possibility of hydraulic transients that could damage the District's facilities.

## **§5202. Fund Parameters.**

The minimum cash and securities to be held in the various ledger funds as of June 30 of each year shall be as follows:

(a)"For the Revenue Remainder Fund cash and securities on hand of June 30 of each year" shall be equal to the portion of fixed costs of the District estimated to be recovered by revenues from water transactions, including, but not limited to, sales, exchanges, and wheeling, for the eighteen months beginning with the immediately succeeding July. Such funds are to be used in the event that revenues are insufficient to pay the costs of the District.

(b)"For the Replacement and Refurbishment Fund, any unexpended monies shall remain" in the Fund for purposes defined in Section 5109, or as otherwise determined by the Board. The end-of-year fund balance may not exceed \$160 million. Available monies in excess of \$160 million at June 30 shall be transferred to the Water Rate Stabilization Fund, unless otherwise determined by the Board.

(c)"Amounts remaining in the Revenue Remainder on June 30 of each year after meeting" the requirements set forth in Section 5202(a) shall be transferred to the Water Rate Stabilization Fund and to the extent required under Section 5202(d), to the Water Treatment Surcharge Stabilization Fund.

(d)"After making the transfer of funds as set forth in Section 5202(c), a determination" shall be made to substantially identify the portion, if any, of such transferred funds attributable to collections of treatment surcharge revenue in excess of water treatment cost and to collections of water stewardship rate revenue in excess of costs of the Conservation Credits Program, Local Resources Program seawater desalination and similar demand management programs, including the departmental operations and maintenance costs of administering these programs. Such funds shall be transferred to the Water Treatment Surcharge Stabilization Fund and the Water Stewardship Fund, respectively, to be available for the principal purpose of mitigating required increases in the treatment surcharge and water stewardship rates. If such determination indicates a deficiency in treatment surcharge or water stewardship rate revenue occurred during the fiscal year, a transfer of funds shall be made from the Water Treatment Surcharge Stabilization Fund or the Water Stewardship Fund, as needed and appropriate, to reimburse funds used for the deficiency. Notwithstanding the principal purpose of the Water Treatment Surcharge Stabilization Fund and the Water Stewardship Fund, amounts assigned to these fund shall be available for any other lawful purpose of the District.

(e)"Amounts in the Water Rate Stabilization Fund shall be held for the principal purpose" of maintaining stable and predictable water rates and charges. The amount to be held in the Water Rate Stabilization fund shall be targeted to be equal to the portion of the fixed costs of the District estimated to be recovered by revenues from water transactions, including, but not limited to, sales, exchanges, and wheeling, during the two years immediately following the eighteen-month period referenced in Section 5202(a). Funds in excess of such targeted amount shall be utilized for capital expenditures of the District in lieu of the issuance of additional debt, or for the redemption, defeasance or purchase of outstanding bonds or commercial paper of the District as

determined by the Board. Provided that the District's fixed charge coverage ratio is at or above 1.2 amounts in the Water Rate Stabilization Fund may be expended for any lawful purpose of the District, as determined by the Board of Directors, provided that any funds distributed to member agencies shall be allocated on the basis of water revenues during the previous fiscal year, such sales to include sales under the Interim Agricultural Water Program, Replenishment Service Program and all Full Service water sales.

Notwithstanding the fund parameters set forth in this Section 5202, including, but not limited to, any minimum fund balances or specified uses and purposes, all amounts held in the foregoing funds shall be available to pay interest on and Bond Obligation (including Mandatory Sinking Account Payments) of Water Revenue Bonds issued pursuant to Resolution 8329 adopted by the Board on July 9, 1991, as amended and supplemented (the Master Resolution), and Parity Obligations, and Subordinate Water Revenue Bonds, issued pursuant to Resolution 9199 adopted by the Board on March 8, 2016, as amended and supplemented (the Master Subordinate Resolution). Capitalized terms not defined in this paragraph shall have the meanings assigned to such terms in the Master Resolution and the Master Subordinate Resolution.

#### **§ 5300. Authorization to General Manager.**

The General Manager is authorized to perform any and all functions that may be delegated by the Board in Chapter 7 of Part 5 (commencing with Section 296) of the Metropolitan Water District Act (hereinafter referred to as the "Act"), in connection with the sale and issuance thereunder of short-term revenue certificates of the District (hereinafter referred to as "certificates"), such certificates being commonly referred to in financial markets as "commercial paper."

Section 475.1 - M.I. 35477 - January 8, 1985. Section 475.1 repealed and Section 5300 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987.

#### **§ 5301. Dealer-Manager.**

(a) The General Manager may solicit proposals based on specifications prepared by them from any person or firm to act as dealer-manager that, as a minimum:

(1) Has served as a dealer-manager, marketing agent, or in some comparable capacity, within the last two years for a governmental issuer of commercial paper exempt from taxation under Section 103 of the Internal Revenue Code.

(2) Shall be able to demonstrate substantial knowledge of available marketing alternatives, financing options and capital markets.

(3) Shall identify one or more individuals, at least one of whom shall be experienced in the marketing of commercial paper for a governmental entity, who would be personally assigned to perform the services under the contract.

(b) The General Manager shall make a recommendation for award of contract for the services of a dealer-manager based on their review of the proposals and on interviews of persons or firms offering proposals which they may have conducted. In making that recommendation, they may give consideration to any factor they deem relevant, including, but not limited to, the experience, reputation and resources of any person or firm offering a proposal and the charges for the services set forth in the proposal.

(c) A contract for the services of a dealer-manager shall be awarded by the Board based on the recommendation of the General Manager; provided, however, that the Board may reject all proposals.

(d) Any contract with a dealer-manager shall be for a period no longer than 48 months but may be subject to extension upon mutual agreement of the District and the dealer-manager; shall be subject to termination without cause by either party upon 60 days' notice; and shall be subject to immediate termination by either party in the event of a significant change in the credit rating of either party or of the credit facility, as determined by any national rating organization, or in the event of a significant change in the tax-exempt status of the District's certificates.

(e) The District's financial consultant may, if selected by the Board, enter into a contract with the District to serve as the dealer-manager; provided, however, that if the financial consultant elects to so contract, its services as financial consultant may be terminated by the General Manager to remove any possible conflict of interest that might arise from such dual employment.

Section 475.2 - M.I. 35477 - January 8, 1985. Section 475.2 repealed and Section 5301 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987; paragraphs (a) and (b) amended by M.I. 53064 - December 13, 2022.

## **§ 5302. Credit Facility.**

(a) The General Manager may solicit proposals based on specifications prepared by them from financial institutions to provide a credit facility securing the payment of principal and interest on the certificates. To the extent permitted by the Act, such credit facility may be an insurance policy issued by a reputable municipal bond insurance company, a letter of credit issued by a commercial bank or savings and loan association, a line of credit, or a standby purchase agreement with a financial institution.

(b) The General Manager shall make a recommendation for award of contract to provide a credit facility based on their review of the proposals and on any interviews of representatives of financial institutions offering proposals which they may have conducted. In making that recommendation, they may give consideration to any factor they deem relevant in addition to the qualifications set forth in the specifications for proposals.

(c) A contract to provide a credit facility shall be awarded by the Board; provided, however, that the Board may reject all proposals.

(d) Any contract to provide a credit facility shall be for a period no longer than 48 months but may be subject to extension upon mutual agreement of the District and the financial institution, and shall be subject to termination by either party upon 60 days' notice. Such contract shall further provide that if the credit rating of such financial institution, as determined by any national rating organization, is at any time withdrawn, suspended or otherwise modified in such a manner as to impair, in the judgment of the General Manager, the marketability of certificates, it may be terminated by the General Manager immediately on written notice to such financial institution. The General Manager may contract with another financial institution having a satisfactory credit rating to provide a substitute credit facility or a temporary overlapping credit

facility if they determine that such an arrangement best serves the interests of the District. Any extension or termination of a contract to provide a credit facility shall be subject to the District's obligations to the holders of outstanding certificates.

Section 475.3 - M.I. 35477 - January 8, 1985. Section 475.3 repealed and Section 5302 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987; paragraphs (a), (b), and (d) amended by M.I. 53064 – December 13, 2022.

### **§ 5303. Issuing and Payment Agent.**

Such contract, as a minimum, shall be terminable by either party without cause upon 30 days' notice and by the General Manager immediately on written notice to such financial institution if, in their judgment, good cause exists; shall provide for monthly accounting of all transactions; shall provide for insurance or a surety bond protecting the District against theft or fraudulent use of blanks or certificates in the custody of the agent; and shall provide for prompt delivery to a party to be designated by the District of any canceled certificates or blanks upon expiration or termination of the contract.

Section 475.4 - M.I. 35477 - January 8, 1985. Section 475.4 repealed and Section 5303 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987; amended by M.I. 53064 – December 13, 2022.

### **§ 5304. Method and Procedures for Sale of Certificates.**

(a) Board Action by Resolution. - Sale and issuance of the District's certificates shall be authorized by the Board by resolution which, as a minimum, shall specify the matters required by Section 298 of the Act and which may contain any other terms and conditions which the Board determines to be in the best interests of the District.

(b) Standards for Issuance of Certificates. - Subject to the terms of the resolution of sale and issuance adopted by the Board pursuant to Section 5304(a), the General Manager may sell and issue certificates in the name of the District when required to meet cash requirements of the District when they determine that the cost of funds resulting from the sale of certificates would be less than the cost of funds that would be incurred if alternative sources of financing were utilized.

(c) Sale of Certificates. - Subject to any limitations which the Board may impose in the resolution adopted pursuant to Section 5304(a), such certificates shall be sold by the General Manager at such time as may be fixed by them and upon such notice as they may deem advisable, either at public sale, upon sealed bids, to the bidder whose bid will result in the lowest interest cost to the District determined in the manner prescribed by said resolution, or by negotiated sale. Under either method, the sale shall be for cash, payable upon delivery of the certificates by the issuing and paying agent to the dealer-manager thereof.

Section 475.5 - M.I. 35477 - January 8, 1985. Section 475.5 repealed and Section 5304 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987; paragraphs (b) and (c) amended by M.I. 53064 – December 13, 2022.

## **§ 5305. Report of Exercise of Authority.**

The General Manager shall report to the next following meeting of the Finance, Affordability, Asset Management, and Efficiency Committee of the Board any exercise of authority pursuant to this Chapter.

Section 475.6 - M.I. 35477 - January 8, 1985. #### § 6100. Statement of Purpose.

This Chapter implements Chapter 10, Division 4, Title 1 of the Government Code of the State of California (Sections 3500 *et seq.*) known as the “Meyers-Milias-Brown Act,” by providing orderly procedures for the administration of employer-employee relations between the District and its employee organizations. This Chapter is intended to strengthen the method of administering employer-employee relations through the establishment of uniform and orderly methods of communications between employees, employee organizations and the District. It is the purpose of this Chapter to provide procedures for meeting and conferring in good faith with Recognized Employee Organizations regarding matters that directly and significantly affect and

primarily involve the wages, hours and other terms and conditions of employment of employees in appropriate units. However, nothing herein shall be construed to restrict the District rights identified in this Chapter.

Section 430.1 based on Res. 7525 - August 14, 1973. Section 430.1 repealed and Section 6100 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987. Section 6100 amended in entirety by M.I. 48418 - September 14, 2010.

## **§ 6101. Definitions.**

The words and terms defined in this section shall have the following meanings throughout this Chapter. Any term not defined herein, which is defined in Sections 3500 to 3510, inclusive, of the California Government Code, or which is defined in this Administrative Code shall have the meaning therein.

(a) “Appropriate Unit” - means a unit established pursuant to Article 2 of this Chapter.

(b) “Confidential Employee” – means an employee who, in the course of their duties, has access to confidential information relating to the decisions of District management affecting employer-employee relations.

(c) “Consult/Consultation in Good Faith” - means to communicate orally or in writing with all affected employee organizations, whether exclusively or not, for the purpose of presenting and obtaining views or advising of intended actions in good faith effort to reach a consensus; and, as distinguished from meeting and conferring in good faith regarding matters within the required scope of such meet and confer process, does not involve an exchange of proposals and counterproposals with an exclusively recognized employee organization in an endeavor to reach agreement in the form of a Memorandum of Understanding, nor is it subject to Article 4 hereof.

(d) “Day” – means calendar day unless expressly stated otherwise.

(e) “District” – means The Metropolitan Water District of Southern California, the Board of Directors, or any duly authorized management employee as herein defined.

(f) “Employee Relations Officer” - means the Manager of the Employee Relations Section of the Human Resources Group.

(g) “Exclusively Recognized Employee Organization” – means an employee organization which has been formally acknowledged by the District as the sole employee organization representing the employees in an appropriate representation unit pursuant to Article 2 hereof, having the exclusive right to meet and confer in good faith concerning statutorily required subjects pertaining to unit employees, and thereby assuming the corresponding obligation of fairly representing such employees.

(h) “Impasse” - means that the representatives of the District and a Recognized Employee Organization have reached a point in their meeting and conferring in good faith where their differences on matters to be included in a Memorandum of Understanding, and concerning which

they are required to meet and confer, remain so substantial and prolonged that further meeting and conferring would be futile.

(i) “Management Employee” – means an employee having responsibility for formulating, administering or managing the implementation of the District’s policies and programs.

(j) “Mediation” – means the efforts by an impartial third party or person to assist as an intermediary between the Employee Relations Officer and representatives of a recognized employee organization, through interpretation, suggestion and advice, in reaching a voluntary resolution to an impasse. Nothing contained herein shall preclude said mediator from making recommendations to the interested parties.

(k) “Meet and Confer in Good Faith” - (sometimes referred to herein as “meet and confer” or “meeting and conferring”) means performance by duly authorized District representatives and duly authorized representatives of an employee organization recognized as the majority representative of their mutual obligation to meet at reasonable times and to confer in good faith regarding matters within the scope of representation, including wages, hours, and other terms and conditions of employment, in an effort to: (1) reach agreement on those matters within the authority of such representatives and (2) reach agreement on what will be recommended to the Board of Directors on those matters within the decision making authority of the Board of Directors. This does not require either party to agree to a proposal or to make a concession, or to continue to negotiate when either party declares an impasse.

(l) “Memorandum of Agreement” – means a written memorandum incorporating agreements reached through negotiation on matters within the jurisdiction of the General Manager, and signed by the General Manager and a duly authorized representative of a recognized employee organization.

(m) “Memorandum of Understanding” – means a written document, signed by the General Manager and a duly authorized representative of recognized employee organization, incorporating agreement between the General Manager and representatives of recognized employee organizations whereby the General Manager binds himself to recommend to the Board of Directors action on matters within the scope of representation.

(n) “Negotiation” – means the act of meeting and discussing issues or proposals by the Employee Relations Officer and representatives of recognized employee organizations with the purpose of reaching binding agreement concerning matters within the jurisdiction of the General Manager; discussions leading to preparation of written memoranda of agreement which are to be binding upon both parties.

(o) “Professional Employee” – means any employee engaged in work requiring specialized knowledge and skills normally attained through completion of a recognized course of instruction, including, but not limited to, accountants, architects, attorneys, chemists, engineers, geologists, and various types of physical, chemical and biological scientists.

(p) “Proof of Employee Support” – means (1) an authorization card recently signed and personally dated by an employee, or (2) a verified authorization petition or petitions recently

signed and personally dated by an employee, or (3) employee dues deduction authorization, using the payroll register for the period immediately prior to the date a petition is filed hereunder, except that dues deduction authorizations for more than one employee organization for the account of any one employee shall not be considered as proof of employee support for any employee organization. The only authorization which shall be considered as proof of employee support hereunder shall be the authorization last signed by an employee. The words “recently signed” shall mean within six (6) months prior to the filing of a petition.

(q) “Scope of Representation” – means all matters relating to employment conditions and employer-employee relations including, but not limited to, wages, hours and other terms and conditions of employment; except that consideration of the merits, necessity, or organization of any service or activity required by law or executive order shall be excluded from the scope of representation; and except that employee rights, as described in Section 6102, and District rights as described in Section 6103, shall be excluded from the scope of representation.

(r) “Supervisory Employee” – means any employee having authority in the interest of the District to hire, assign, transfer, promote, demote, suspend, discharge, reward or discipline other employees, or having the responsibility to direct them or to adjust their grievances, or effectively to recommend such action in connection with the foregoing, when the exercise of such authority is not of a merely routine or clerical nature, but requires the use of independent judgment.

Section 430.2 based on Res. 7525 - August 14, 1973; amended by M.I. 32690 - April 10, 1979. Section 430.2 repealed and Section 6101 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987; paragraphs (e) and (g) amended by M.I. 45943 - October 12, 2004. ## **§ 6102. Employee Rights.**

Employees of the District shall have the right to form, join and participate in the activities of employee organizations of their own choosing for the purpose of representation on matters of employer-employee relations including wages, hours and other terms and conditions of employment. Employees of the District also shall have the right to refuse to join or participate in the activities of employee organizations and shall have the right to represent themselves individually in their employment relations with the District, but may not enter into any arrangements that are contrary to, modify or abridge any understanding reached between the District and the employee organization certified as exclusive representative for the unit in which the individual is included. Neither the District nor any employee organization shall interfere with, intimidate, restrain, coerce or discriminate against any District employee because of their exercise of these rights.

Section 430.3 based on Res. 7525 - August 14, 1973. Section 430.3 repealed and Section 6102 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987; amended by M.I. 53064 - December 13, 2022.

## **§ 6103. District Rights.**

The rights of the District shall include, but are not limited to, the exclusive right to determine the mission of its constituent departments; set standards of service; determine the procedures and standards of selection for employment, promotion and transfer; direct its

employees; take disciplinary action for proper cause; relieve its employees from duty because of lack of work or for other legitimate reasons; maintain the efficiency of District operations; determine the methods, means and personnel by which District operations are to be conducted; determine the content of job descriptions and specifications; take all necessary action to carry out its mission in emergencies; and exercise complete control and discretion over its organization and the technology of performing its work; provided, however, that the exercise of such rights does not preclude employees or their representatives from consulting with the Employee Relations Officer about the practical consequences that decisions on these matters may have on wages, hours, and other terms and conditions of employment.

Section 430.4 based on Res. 7525 - August 14, 1973. Section 430.4 repealed and Section 6103 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987.

#### **§ 6104. Advance Notice to Employee Organizations.**

(a) Except in case of emergency, reasonable written notice shall be given to each recognized employee organization affected by any ordinance, resolution, or regulation, or any change in any existing ordinance, resolution, or regulation, relating to matters within the scope of representation that is proposed to be adopted by the Board of Directors or the General Manager. Each such employee organization shall be given the opportunity to meet with the Employee Relations Officer prior to adoption of such ordinance, resolution, or regulation, or adoption of such change in any existing ordinance, resolution, or regulation.

If such challenging petition seeks establishment of an overlapping unit, the Employee Relations Officer shall call for a hearing on such overlapping petitions for the purpose of ascertaining the more appropriate unit, at which time the petitioning employee organizations shall be heard. (a) Pay rate schedules, as approved by the Board, shall include pay rate grades and pay rate ranges consisting of minimum and maximum rates of pay for each position. Except by action of the Board, or as provided in Section 6208(d), the hourly pay rate paid each employee shall be at least the minimum but not in excess of the maximum hourly pay rate prescribed for the applicable position. Notwithstanding any other provision of this section, the salaries of the department heads shall be fixed as a flat rate.

(b) Pay rates for Department Heads shall be individually fixed by the Board. Pay rates for all employees shall be fixed by their respective Department Heads within the ranges fixed by the Board for such positions in accordance with practices, policies and procedures promulgated by the General Manager. The Board at its August meeting will review each Department Head's salary and compensation after determining an overall performance rating for each Department Head, and make adjustments as appropriate, if any, based on salary comparisons, pay rate survey and/or performance, with any change to be effective at the beginning of the pay period that includes the prior July 1.

(c) Job descriptions in terms of duties and responsibilities shall be prepared by the Director of Human Resources for each position. Job descriptions for positions requiring appointment or approval of appointment by the Board shall be submitted to the Board for approval. Job descriptions for positions peculiar to the Legal or Audit Departments or Ethics Office shall be subject to approval of the General Counsel, General Auditor, or Ethics Officer as appropriate. It shall be the duty of Human Resources to ensure that all employees are properly classified.

(d) The General Manager is authorized to provide for payment at a "Y" rate to any employee whose position is reclassified to a position in a lower pay rate or the pay rate of whose position is reduced and the General Manager may maintain the employee at a "Y" rate until such time as the General Manager deems the "Y" rate to be no longer justified. As used herein, "Y" rate means a pay rate higher than the highest rate applicable to the employee's position.

(e) New employees, upon entering District service, will be placed by the Director of Human Resources at a salary grade and step within the salary range appropriate for the position available and the applicant's qualifications. Employees who are promoted to a position in a higher range shall be paid at least the minimum of such range but not more than four steps over their prior rate or the fifth step of the higher pay rate range, whichever is higher, but not in excess of the maximum rate specified for the position to which promoted. New employees are eligible for a merit increase after completion of a six-month probationary period. The eligibility date for subsequent merit reviews shall be 12 months from the most recent merit increase,

promotion or demotion, whichever is later. Employees at the top step of the pay range will not be eligible for any merit increase. Merit increases will be awarded as provided for by Section 6211.

(f) Pay rates for temporary employees in District service are the rates paid to regular employees in the same classifications.

(g) Subject to Section 6211, the performance of regular employees other than Department Heads, will be annually reviewed by their Department Heads to determine eligibility for merit increases under evaluation procedures, guidelines and rules developed by the General Manager. Changes in pay rate ranges approved by the Board have no effect upon these limitations.

(h) Pay Rate Survey.

(1) As needed, the General Manager has the authority to cause a survey to be made of rates of pay and benefits of employees of other organizations specified by the Board, and may thereafter recommend to the Board revisions in the pay rate structure and benefits for employees. The survey need not include positions for which pay rates are established pursuant to a memorandum of understanding approved by the Board which is in effect for the entire calendar year. Action, if any, on the pay rate survey may be taken at the same meeting the survey information is presented or at a subsequent meeting. The General Counsel, General Auditor and Ethics Officer may also recommend to the Organization, Personnel and Effectiveness Committee revisions regarding positions peculiar to their own departments.

(2) The list of agencies to be used in the District's pay rate survey may include the following:

County of Los Angeles  
East Bay Municipal Utility District  
Los Angeles Metropolitan Transportation Authority  
Los Angeles County Sanitation District  
Los Angeles Department of Water & Power

State Department of Water Resources

The nine comparator agencies were selected by comparing the following factors: Industry (type of utility), total number of units managed, population served, total number of employees, total assets, net operating income, gross revenue, and total service area (square miles).

(i) For temporary construction personnel employed under authority of Section 6207(c), the General Manager is authorized to fix the hourly rates of pay at least equal to, but not more than 20 percent higher than, those so determined by the Board to be prevailing in the county in which such personnel primarily will be engaged.

(4) Department Heads (General Manager, General Counsel, Auditor and Ethics Officer). (1) If the employee receives an evaluation with an overall rating of "Outstanding," a merit increase of three or four steps may be given. A four-step increase requires the approval of the Department Head.

(2) If the employee receives an evaluation with an overall rating of "Exceeds Standards," a merit increase of two or three steps may be given.

(3) If the employee receives an evaluation with an overall rating of "Meets Standards," a merit increase of one or two steps may be given.

(4) If the employee receives an evaluation with an overall rating of "Improvement Needed," no merit increase is given.

(5) If the employee receives an evaluation with an overall rating of “Unsatisfactory,” no merit increase is given.

(6) Special merit increases may be awarded for extraordinary job performance within lesser time frames with the approval of the Department Head. A special merit increase will establish a new eligibility date.

(7) A pay increase within the same salary grade may not exceed more than four steps in any six-month period nor more than eight steps in any twelve-month period. Changes in salary range rates approved by the Board have no effect upon these limitations.

(g) An employee who has taken disability leave in excess of thirty (30) calendar days will be required to provide a physician's statement attesting to the employee's fitness, based upon the employee's normal duties stated in the job description, before returning to work, and may be subject to medical examination. Such examination will be done at District expense and on District time if the District requests that it be conducted by District-selected medical personnel.

(b) For purposes of this section, “employee” shall mean an employee who has at least one (1) year of service with the District and at least 1,250 hours active service during the one year period immediately preceding the commencement of the request for a Family and Medical Leave.

(c) For purposes of this section, per the U.S. Department of Labor definition at 29 USC Sec. 2611(7) and 29 CFR Sec. 825.122(c), “parent” shall mean a biological, adoptive, step or foster father or mother, or any other individual who stood in *loco parentis* to the employee when the employee was a son or daughter. This term does not include any “parents-in law.”

(d) For purposes of this section, “designated person” shall mean a person identified by the employee at the time the employee requests Leave with pay and may include any individual related by blood or whose association with the employee is the equivalent of a family relationship. An employee is limited to one (1) designated person per 12-month period for Family and Medical Leave purposes. (Government Code Sec. 12945.2(b)(2).)

(e) The following provisions set forth certain of the rights and obligations with respect to Family and Medical Leave. Rights and obligations which are not specifically set forth or defined below are contained in the U.S. Department of Labor regulations implementing the federal Family and Medical Leave Act of 1993 (“FMLA”) and the California Fair Employment and Housing Commission regulations implementing the California Family Rights Act (“CFRA”)(Government Code Sec. 12945.2).

(f) Unless otherwise provided by this section, “Family and Medical Leave” and “Leave” shall mean leave pursuant to the FMLA and/or CFRA.

(g) An employee is entitled to a total of twelve (12 ) weeks of Leave during any 12-month period to care for a newborn child, due to the placement of an adopted or foster child, to care for a son or daughter, parent (as defined by the U.S. Department of Labor in 29 USC Sec. 2611(7); 29 CFR Sec. 825.122(c).), spouse, state-registered domestic partner, grandparent, grandchild, sibling or designated person who has a serious health condition, or because of the employee’s own serious health condition that prevents the employee from performing any one or more of the essential functions of the employee’s position. The 12-month period for calculating Leave entitlement will be the 12-month period measured backward from the date an employee uses any Leave.

(h) An employee’s entitlement to Leave for the birth or placement of a child for adoption or foster care expires twelve (12) months after the birth or placement. Parents who are both employed by the District are each entitled up to twelve (12) weeks of Leave for the birth or adoption of a child or the replacement of a foster care child.

(i) Married employees or state-registered domestic partners, who are both employees of the District, and who have an active-duty service member in their family, shall be entitled to

(j) An employee shall provide at least thirty (30) calendar days written advance notice for foreseeable events. For events which are not foreseeable, the employee shall notify the District as soon as the employee learns of the need for the Leave. To be eligible for a Leave, the employee must follow the District's usual and customary call-in procedures for reporting an absence as detailed in Section 6241.

(k) An employee who takes a Leave for their own serious health condition is required to submit a Return to Work / Doctor's Release prior to returning to work.

(l) When the Leave is due to the health condition of the employee, the employee shall utilize Leave in the following order:

(1) All sick leave;

The exhaustion of the paid leave shall run concurrently with the Leave. For purposes of this section, leave taken to care for a “designated person” does not apply to military family Leave.

(n) If an employee takes sick leave or partial pay disability leave without requesting Family and Medical Leave, within five (5) days of the employee’s return to work and advisement of the District concerning the purpose of the sick leave, the District shall make a determination as to whether the sick leave shall be considered Family and Medical Leave.

(o) The District shall maintain coverage under any group health plan for the duration of the Leave at the level and under conditions that would have been provided had the employee been working. However, the District shall only maintain such group health plan coverage for such employee for up to twelve (12) weeks within a 12-month period commencing with the start of the Leave.

(p) An employee has the right to reinstatement to the same or a comparable position unless the employee is exempted from such right under the provisions of the FMLA or CFRA.

(q) Any leave taken by an employee under the California Fair Employment and Housing Act’s provisions applicable to pregnancy-related disabilities cannot be counted against the 12-week limitation on Family and Medical Leaves authorized under CFRA.

#### **§ 6244. Use of Accumulated Leave - Industrial Injury.**

An employee injured in the scope and course of employment with the District may elect to take as much of accumulated sick leave, or accumulated vacation leave, or disability leave, as when added to disability indemnity under Division 4 of the State Labor Code will result in a payment to the employee of not more than the hourly rate for 40 hours each week provided that sick leave shall be applied first, and that the order of application of vacation leave and disability leave shall be at the option of the employee. An employee using disability leave because of such an injury shall not be subject to Section 6228(b)(2). When an employee uses such accumulated leave because of such an injury and the District is reimbursed by a third person for its damages by reason of such use, there shall be granted, for credit to the employee's sick leave, vacation leave, or disability leave, such sick leave, vacation leave, or disability leave equivalent to the amount so used or proportionately if each is reimbursed only in part. If the District does not collect from the third person the full amount of the compensation paid and other damages for which it is liable to the employee and if the amount collected is not itemized so that there may be ascertained the amount collected in reimbursement for the sick leave, vacation leave, or disability leave used, the amount received shall be credited to vacation leave, sick leave, and disability leave in that order.

#### **§ 6245. Use of Accumulated Leave - Quarantine.**

An employee who is quarantined may elect to take as much of the employee's accumulated sick leave or accumulated vacation leave or accumulated compensating time off as is necessary to avoid loss of pay. Should the time lost exceed the sick leave, vacation leave, and accumulated compensating time off, such excess shall be leave without pay.

Ords. 113 and 120; repealed by Ord. 145; Section 433.17 added by M.I. 32297 - June 13, 1978; amended by M.I. 35166 - June 12, 1984. Section 433.17 repealed and Section 6245 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987; amended by M.I. 36811 - September 22, 1987.

## **§ 6246. Military Leave.**

(a) Every employee who is a member of the National Guard or Naval Militia, or a member of the reserve corps or force in the Federal military, naval or marine service, or in the State Guard, shall be entitled to military leave in accordance with the applicable provisions of the Military and Veterans Code of the State of California. Metropolitan will also comply with Title 38, Chapter 43 of the United State Code (Uniformed Services Employment and Reemployment Rights Act)(“USERRA”). The present law provides, in general, that a person having one (1) year or more of service with the District is entitled to military leave with pay for a period not exceeding thirty (30) calendar days per fiscal year. The military service time of a new employee who comes to the District directly from military service may be applied to the one-year employment requirement necessary to the granting of military leave.

(b) Veterans are entitled, in general, to reemployment if they serve not more than five (5) years in the military, although exceptions allowed by federal law may apply per USERRA. The period a service member has to make a request for reemployment or report back to work after military service is based on time spent on military duty.

(1) For service of less than thirty-one (31) days, the service member must return as the beginning of the next regularly scheduled work period on the first full day after release from service, taking into account safe travel home plus an eight-hour rest period.

(2) For service of more than thirty (30) days but less than 181 days, the service member must submit certification of military service for reemployment within fourteen (14) days or release from service.

(3) For service of more than 180 days, certification of military service for reemployment must be submitted within ninety (90) days of completion of a service member’s military service.

Metropolitan may request that an employee who is absent for a period of service of thirty-one (31) days or more provide document showing that their request for reemployment is timely, the employee has not exceeded the five-year service limitation, and the employee’s separation from military service was other than disqualifying under federal law. Military documents may include Military Discharge Documents, DD-214, or Certification of Military Service record.

A reemployed employee may not be discharged without cause: (1) for one (1) year after the date of reemployment if the employee’s period of military service was for 181 days or more; (2) For 180 days after the date of reemployment if the employee’s period of military service was for thirty-one (31) to 180 days.

Cause for discharge may be based on conduct or the application of legitimate nondiscriminatory reasons. Employees who serve for thirty (30) or fewer days are not protected from discharge without cause. However, they are protected from discrimination because of military service or obligation.

(c) Employees on military leave do not lose their accumulated sick leave credits. The District will restore the veteran to employment as though no interruption of District service has occurred. The District will apply all general pay adjustments enacted by the Board to the old base salary as though the veteran had not been absent. The veteran need not be returned to the former position but will be given a position of status and pay equivalent to the former position. Although the veteran earns no leave while absent on military leave, neither does the veteran lose any leave balances while absent on military leave. Military service time is added to the length of District service for purpose of computing the rate at which a returning veteran will earn annual leave.

(d) If the employee returns to work within six (6) months of their active duty discharge date, and the release was not due to a dishonorable discharge, the employee may submit to CalPERS the Military Leave Service Credit application and documentation for review. CalPERS will determine if the military leave of absence service time will be added to the employee's CalPERS service credit, and if it will be at no cost to the employee, or if the employee will have an option to purchase the additional service credit.

(e) Military Spousal Leave. Every employee who has worked at least an average of twenty (20) hours a week in the last six (6) months and is married to a service member is entitled to ten (10) days leave when their spouse returns from active duty. Employees must notify the District of their intention to take this leave within two (2) business days of receiving official notice that the spouse will be on leave from military deployment, and inform their manager if they intend to use annual, personal or no-pay leave.

Ord. 113; repealed by Ord. 145; Section 433.18 added by M.I. 32297 - June 13, 1978; amended by M.I. 35166 - June 12, 1984. Expenditures for lodging, meals, transportation and other activities, as authorized in accordance with Sections 6324, 6325 and 6326, should provide for reasonable comfort and convenience. It should be borne in mind, however, that public funds are being spent and that only a reasonable level of expense is warranted. Except as otherwise set forth in an applicable Memorandum of Understanding with a District employee association, all reimbursements of travel expenses are subject to the following limits:

(a) Lodging shall be obtained at government or group rates, when available. For conferences and organized educational activities, lodging costs shall not exceed the maximum group rate published by the sponsor of the conference or activity. If no government or group rate is available the traveler should obtain moderately priced accommodations based on prevailing rates in the area. The traveler may request per diem at IRS-published rates for the area of travel

or, if the traveler is covered by a bargaining unit, then at the rate established pursuant to the applicable Memorandum of Understanding in lieu of reimbursement for actual lodging expense.

(b) Transportation costs and costs associated with transportation will be reimbursed according to the requirements of Section 6326.

(c) Reimbursement for meals is limited to the IRS-published per diem rate for the area of travel or the rate established by an applicable Memorandum of Understanding.

Section 435.2 - M.I. 33162 - March 11, 1980. Section 435.2 repealed and Section 6321 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987; amended by M.I. 39019 - June 11, 1991; Section renamed and opening paragraph amended, paragraphs (a), (b) and (c) added by M. I. 46449 - November 8, 2005; paragraphs (a) and (c) amended by M.I. 49041 - April 10, 2012; paragraph (c) amended by M.I. 49187 - September 11, 2012.

## **§ 6322. Supervision.**

As circumstances vary considerably in those instances where directors and employees must incur expenses, care by those incurring expenses, and supervision by those approving expense accounts are the most effective controls over expenditures. When expenses that might be regarded as out of the ordinary are foreseen, the approving officer's instructions should be sought beforehand.

Section 435.3 - M.I. 33162 - March 11, 1980. Section 435.3 repealed and Section 6322 adopted by M.I. 36464 - January 13, 1987, effective April 1, 1987.

In the case of a director, the terms shall be deemed to mean the Chair of the Board.

(b) "Travel" shall mean attendance at meetings, conferences, or other functions on District business at other than the employee's headquarters or temporary headquarters or, in the case of directors, their residences or places of business, whichever is applicable. A "business meal" unless otherwise justified does not include a meal furnished by an employee to someone in expectation that another meal will be furnished to the employee or in repayment of one previously furnished. A "business meal" shall also include employees' meals at business meetings away from a District facility with non-employees who pay for their own meals, or at a business program sponsored by a business or professional association where the subject matter of the discussion is of importance to the District. Employees (not including directors) ordinarily may not themselves partake in, or provide for others, business meals without prior authorization by their group, assistant group or section manager provided, however, whenever an employee who customarily performs District job assignments at a specific location, or locations, is required to be at a substantial distance from that location on District business during a period when a meal is usually partaken, the employee shall be reimbursed by the District for the expense of meals partaken at such other locations. In addition to the above, a Department Head may authorize meals for employees under special circumstances.

## **§ 6325. Authorization for International Travel.**

(a) The General Manager is authorized to approve travel of District personnel to foreign countries, when necessary as an incident to the evaluation of bids or the administration of contracts, and for participation in conferences, inspection trips, meetings or exchanges of potential benefit to the District. The General Manager shall report all international travel approved pursuant to this section to the Chair of the Board in advance of such travel being taken, together with a written justification for the travel pursuant to the criteria set forth in subpart (c).

(1) Whether significant personal contacts of direct and significant benefit in the conduct of the District's affairs will be made as the result of such participation;

(2) Whether technical or administrative information to be gained by participation will be of direct and significant benefit in the conduct of the District's affairs;

(3) Whether the cost of participation, including both travel costs and time taken from other District assignments, is warranted by the anticipated benefits to be gained by the District through new knowledge, contacts, or technology; and

(4) Whether dissemination of information about the District to the target audience will significantly contribute to the protection of the District's rights and properties.

(d) The Chair of the Board shall report quarterly to the Executive Committee on all international travel which has been approved pursuant to this section for directors, Department Heads, and staff members.

M.I. 38471 - September 11, 1990; paragraph (b) amended by M.I. 39019 - June 11, 1991; paragraphs (a) & (b) amended and paragraphs (c) and (d) added by M.I. 42559 - August 19, 1997.

## **§ 6326. Authorized Expenses.**

(a) Transportation Costs and Costs Associated with Transportation. - Authorized transportation expenses may include common carrier fares, rental of automobiles, parking fees, and use of personal automobiles at the standard mileage rate provided for in any applicable memorandum of understanding. If no memorandum of understanding is applicable, the rate shall be the standard mileage rate permitted at the time by the Internal Revenue Service in computing a deduction for business mileage; provided, however, that for employees in the classifications listed in Section 6500, mileage for use of personal automobiles on District business shall be reimbursed only as provided in the Operating Policy then in effect which sets forth the vehicle allowances and related benefits for such employees.

(b) Overnight Travel. - In addition to those expenses described in Section 6326(a), authorized expenses while traveling overnight on District business also may include reasonable telephone calls to the employee's family, meals, lodging, baggage handling, tips, and any other reasonable incidental expenses of the trip which are business related rather than personal in nature. If a family member should accompany an employee, subject to the requirements of Section 6321, lodging expense may only be reimbursed at the applicable rate for a single room to be occupied by only one person.

Subject to the requirements of Section 6321(c), the District shall pay lodging, meal and other reasonable incidental expenses incurred at the destination required for business purposes when travel is extended for a time beyond what is normally required for such purposes (i.e., over a weekend), if the extension of time reduces the transportation costs that would otherwise have been incurred, thereby resulting in a net cost savings overall. Whenever such situations occur, they shall be fully described on the expense claim form subsequently prepared to document the travel activity. Notwithstanding the foregoing, the District shall not pay for transportation costs other than to and from the destination required for business purposes.

(c) Business Meal. - Business meal expenses may include the cost of meals and beverages ordinarily associated with normal eating customs, provided that no alcoholic beverages may be provided at District expense. An adequate description of the purpose of the meal and the names of guests and their affiliations shall be provided whenever claiming reimbursement for business meals.

A meal furnished to a fellow employee will only be reimbursed if: (a) both would be entitled to reimbursement; (b) if the meal is in connection with a business discussion with a non-employee; or (c) both employees are in overnight travel status.

An employee while in overnight status or director who provides a business meal to another person at a hotel, where the employee or director is staying on District business, or at a restaurant, when the bill is directly forwarded to the District for payment, must indicate on the expense account or reimbursement request who the guest was and the business reason for the expense.

(d) Transportation. - The type of transportation employed shall be selected on the basis of the lowest overall cost to the District after all costs are considered, including the travel time and

the salary of the employee; provided, however, that travel by common carrier bus shall not be required.

Trips which require travel in excess of 200 miles one way shall be made by commercial airline unless the circumstances dictate otherwise. Reimbursements for any transportation costs for trips over 200 miles one way by any form of transportation shall generally not exceed the standard round-trip airline coach airfare in effect at the time, plus any personal auto mileage and airport parking that would have been incurred and reimbursable if airline transportation had been used. Determination of the standard round-trip coach airfare, for purposes of establishing a reimbursement limit on optional forms of travel, shall be made in advance whenever practicable.

All airline travel shall be by airplane coach or economy class except: (1) when coach or economy seats are unavailable at the time of ticketing, or (2) where the Department Head or the Board Chairman finds that some physical problem, essential business, or exceptional circumstance warrants travel in a higher class.

#### (e) Limitations and Non-Reimbursable Expenses

(1) Directors may attend up to three meetings and conferences related to District purposes per calendar year at District expense (including registration and reasonable travel expenses). Attendance at additional meetings and conferences in a calendar year will not be at the expense of Metropolitan, unless approved in advance by the Chairman of the Board. Reasons for approval of additional meetings include representing Metropolitan in a leadership position for an organization, speaking at a meeting or conference on behalf of Metropolitan, or similar representation of Metropolitan.

(2) Costs of overnight stays for directors attending board and committee meetings will be paid or reimbursed by the District only for directors residing outside of a 35-mile radius of the meeting location or when reasonably required under the circumstances (such as for attendance at evening or early morning meetings, to accommodate director driving restrictions, or other similar situation), and approved by the Chairman of the Board.

(3) The expenses of a director's spouse or other family member who accompanies the director on District business shall not be borne by the District or reimbursable to a director unless specifically authorized in writing by the Chairman of the Board (or Executive Committee) in advance as an expense necessary for the proper representation of the District. Such reimbursements shall be reported as income of the recipient, as required under applicable tax law.

(4) Items of personal benefit, including but not limited to in-room movies, entertainment and mini-bar snacks and beverages are a personal expense and will not be paid or reimbursed by the District. No alcoholic beverages will be paid for or reimbursed by the District.

(5) The expenses of an employee or director shall not be reimbursed by the District to the extent that they are reimbursed by another party.

## **§ 6327. Route and Mode of Travel.**

(a) Travel must be by the most direct route, considering the mode of transportation used. Additional expense resulting from travel by an indirect route for the personal interest of the employee is not chargeable to the District, but is to be reported on claims for reimbursement and identified as chargeable to the employee.

(b) The department head or group manager shall reject or reduce claims for reimbursement of expenses resulting from unauthorized travel or inappropriate selection by the employee of class of transportation, lodging, or meals.

Further, the General Manager shall have full power and authority: 1) to adopt rules and regulations for the administration of the 401(k) and 457(b) Plans provided they are not inconsistent with either plan, respectively; 2) to interpret, alter, amend or revoke any rules and regulations so adopted; 3) to appoint such administrative agents, or persons as they deem advisable or desirable to carry out the terms and conditions of the 401(k) and 457 (b) Plans, as applicable; and, 4) to exercise any other powers, duties and responsibilities as are provided in the 401(k) and 457(b) Plans, respectively, for purposes of their orderly administration. However, the exercise of such power and authority does not preclude employees or their representatives from either consulting or meeting and conferring with the Employee Relations Officer, as appropriate, about the practical consequences that the exercise of such power or authority may have on wages, hours, and other terms and conditions of employment subject to Section 6102 (Employee Rights).

**§ 6814. Immunities.**

- (a) Neither the District, its Directors, nor its Employees shall be liable: 1) for any action taken or not taken with respect to the 401(k) or 457(b) Plans, except for its or their own gross negligence or willful misconduct;
- (b) Neither the District, nor its Directors, nor its Employees shall be personally liable upon any contract, agreement or other instrument made or executed for administration of the 401(k) or 457(b) Plans.

The District, its Board of Directors, each Employee thereof, specifically including the General Manager, and any other persons to whom the General Manager delegates or assigns any duty with respect to the 401(k) or 457(b) Plans, may rely and shall be fully protected in acting in good faith upon: 1) the advice of counsel, who may be counsel for the District; 2) the records of the District; 3) the opinion, certificate, valuation, report, recommendation, or determination of the Investment Advisor, the Deferred Compensation Investment Committee or any member thereof, or the District's General Auditor; or, 4) any certificate, statement or other representation made by or any information furnished by an Employee, Participant, Beneficiary, Alternate Payee, the Deferred Compensation Investment Committee or any member thereof, or Investment Advisor, concerning any fact required to be determined under any of the provisions of the 401(k) or 457(b) Plans.

M.I. 51416 – December 11, 2018; amended final paragraph by M.I. 53529 – February 13, 2024.

**§ 6815. Indemnification.**

The District will indemnify, defend and hold harmless members of the Board of Directors, the General Manager, the Plan Administrator, or any Employees who have administrative responsibility under the 401(k) or 457(b) Plans, and the Deferred Compensation Investment Committee or any member thereof, with respect to any liability, loss, damage or expense resulting from any act or omission, except willful misconduct or gross negligence, in their official capacities in the administration or management of the assets of the 401(k) or 457(b) Plans, including attorney, accountant and advisory fees and all other expenses reasonably incurred in their defense.

**§ 6816. Amendment, Termination or Merger.**

- (a) The District reserves the right at any time to terminate the 401(k) or 457(b) Plans, in whole or in part, or as to any designated group of Employees, Participants, Beneficiaries, or to amend the 401(k) or 457(b) Plans, in whole or in part. Any termination of the 401(k) Plan or 457(b) Plan shall be expressed in an instrument executed by the District on the order of its Board of Directors and filed with the Plan Administrator, and shall become effective as of the date designated in such instrument or, if no date is so designated, on its execution. If either of the 401(k) Plan or 457(b) Plan is terminated by the District, accounts in the terminating plan shall be distributed, to Participants, Beneficiaries, and Alternate Payees, as applicable. Distributions will be made in accordance with the applicable tax law. However, the exercise of such right to terminate the 401(k) or 457(b) Plans does not preclude employees or their representatives from either consulting or meeting and conferring with the Employee Relations Officer, as appropriate, about the practical consequences that the exercise of such power or authority may have on wages, hours, and other terms and conditions of employment subject to Section 6102 (Employee Rights).
- (b) The General Manager may, at any time and from time to time, amend the Plans in whole or in part to ensure compliance with applicable laws and regulations and further the administration of the Plans. However, no Plan amendment may authorize or permit any portion of the assets held under the Plans to be used for or diverted to a purpose other than the exclusive benefit of Participants or Beneficiaries, except to the extent such assets are used to pay taxes or administrative expenses of the Plans. An amendment also may not cause or permit any portion of the assets held under the Plans to revert to or become property of the District. Nor may the General Manager amend the Plans to effectuate a termination.
- (c) In the case of any merger or consolidation with, or transfer of assets or liabilities to, any other plan, each Participant, Beneficiary, or Alternate Payee in the 401(k) or 457(b) Plans, as applicable, will receive a benefit immediately after the merger, consolidation, or transfer which is equal to or greater than the benefit the Participant, Beneficiary, or Alternate Payee would have been entitled to receive immediately before the merger, consolidation, or transfer.

#### §7100. Purpose and Scope.

Metropolitan is subject to the Political Reform Act of 1974, as amended (the “Political Reform Act”), and regulations of the California Fair Political Practices Commission. The purposes of this Chapter are to incorporate specific applicable provisions of the Political Reform Act and related laws into the Administrative Code, to impose additional ethics requirements on Metropolitan officials as permitted by Section 81013 of the Political Reform Act, and to implement the District’s statutory obligations with respect to Metropolitan Act Section 126.7 (SB 60, Chapter 415, Statutes of 1999). These obligations require compliance with applicable state government ethics laws and additional Metropolitan ethics requirements as specified in the Administrative Code.

[Former Sec. 7100 – Incorporation of the Title 2, CA Code of Regulations, renumbered 7200 and new Sec. 7100 created by M. I. 46109 – February 8, 2005; amended by M.I. 52574 - November 9, 2021.

#### § 7101. Purposes, Policy, and Values.

The policy of Metropolitan is to maintain the highest standards of ethics from Metropolitan officials. Metropolitan is a public agency that shall conduct its business with integrity in an honest and ethical manner. The proper operation of Metropolitan requires Provisions updated to reflect the actions of the Board of Directors through its 1/11/2022 meeting.

decisions and policy to be made in the proper channels of governmental structure, that public office not be used for unauthorized personal gain, and that all individuals associated with Metropolitan remain impartial and responsible towards the public. Accordingly, it is the policy of Metropolitan that Metropolitan officials shall strive to maintain the highest standard of personal honesty and fairness in carrying out their duties. Metropolitan officials shall conduct Metropolitan's business in compliance with the law, this Chapter, and other Metropolitan policies, and shall exercise good judgment based on Metropolitan's values and goals. In carrying out their duties, Metropolitan officials should exercise fairness, impartiality, and avoid behavior that is likely to create an appearance of impropriety. This policy sets forth the minimal ethical standards to be followed by Metropolitan officials. Strict compliance with this Chapter is not necessarily sufficient, and any attempt to evade or circumvent any requirements of the Chapter is improper.

## **§8142. Public Works Contracting**

(a) As used in this Section 8142, the term "bidders" includes prospective bidders and lower-tier contractors for contracts to be performed for the District.

(b) The notice inviting bids for a Public Works Contract shall provide for the District's right to reject any and all proposals.

(c) The contracting procedure may provide one or more of the following:

(1) That, the General Manager shall determine the responsibility of bidders in advance of receipt of bids and that bidding shall be restricted to bidders determined by the General Manager to be responsible. In determining responsibility, the General Manager may consider:

(i) A bidder's experience in the design, construction, fabrication, assembly, or manufacture of works or materials similar to what will be called for under the contract documents;

(ii) The experience of others with the bidder in the construction, fabrication, assembly, or operation of similar works or materials designed, constructed, fabricated, or assembled by the applicant;

(iii) The physical plant, facilities, and equipment the bidder proposes to employ in the performance of a proposed contract or lower-tier contract;

(iv) The experience and expertise of a bidder's responsible managing personnel, key staff members, and other employees who would be assigned to the work if the bidder were awarded the contract or lower-tier contract;

(v) As to prospective bidders, the extent to which any part of the contract is to be performed by lower-tier contractors or suppliers;

(vi) The financial capability and resources of the bidder to perform the proposed contract or lower-tier contract; and

(vii) Any other factor bearing on the responsibility of a bidder

(2) That, subject to standards to be set forth in the contract documents, each bidder shall submit a technical proposal to the District and the responsiveness to the specifications of such proposal shall be determined by the General Manager in advance of receipt of bids and bidding shall be restricted to bidders determined by the General Manager to have furnished a technical proposal determined by the General Manager to be responsive.

Provisions implementing this Section 8142(c)(2) shall not be included in the contract documents unless the General Manager finds the following conditions to be true:

(i) There are no sufficiently definite or complete specifications or purchase descriptions available to permit free competition without engineering evaluation and discussion of the technical aspects of the procurement;

(ii) Criteria do exist for evaluating technical proposals, such as design, manufacturing, testing, and performance requirements; and special requirements for operational suitability and ease of maintenance; and

(iii) It is expected that more than one technically qualified source will be available, both initially and after technical evaluation.

(3) That, as a condition to submitting a bid or performing a specified portion of the proposed contract, a bidder shall comply with any and all conditions precedent determined by the General Manager to be necessary to enable the bidder to submit a bid to the District or to any other bidder, as the case may be, which takes into account all factors affecting performance of the work or portion of the work to be performed by the bidder.

(4) The General Manager may determine that a bidder is responsible to perform more than one contract for which notices inviting bids are to be posted and advertised after the date of the General Manager's determination. In the event of such prior determination, the General Manager may, at any time thereafter:

(i) Determine that bidder is no longer responsible, or

(ii) Advertise and post additional notices requesting pre-qualification information and determine that additional bidders are responsible to perform contracts subsequent to the contract for which pre-qualification information is initially requested.

(d) In the event that the General Manager determines that (i) a bidder is not responsible or no longer responsible after previously having been determined responsible, (ii) a bidder's proposal is not responsive to the contract documents, or (iii) a bidder has failed to comply with a condition precedent, the General Manager shall set forth the determination in writing together with the reasons therefore and shall serve a copy of the determination and reasons on the bidder or applicant.

## **§8148. Alternative Project Delivery**

In lieu of the public works procurement process described in Section 8142, the District may utilize the following three alternative project delivery methods for a public works project: design-build, progressive design-build, or construction manager/general contractor.

(a) The design-build procurement process shall proceed as follows:

- (1) The District shall prepare documents setting forth the scope and estimated price of the project. The documents shall indicate the size, type, and desired design character of the project and the performance specifications covering the quality of project materials, equipment, workmanship, preliminary plans, or building layouts, along with other information deemed necessary to describe adequately the District's needs.
- (2) The District shall issue a request for qualifications containing, at a minimum, the following elements:
  - i. A thorough description of the project, including an expected cost range and the procurement process to be utilized;
  - ii. A listing of significant factors that the District will consider in evaluating qualifications, including technical design and construction expertise, as well as the relative importance or weight of each factor; and
  - iii. A template requiring respondents to demonstrate relevant experience, an acceptable safety record and program, and the necessary licenses, registrations, credentials, financial and bonding capacity, and insurance coverage to complete the project.
- (3) The District shall shortlist the respondents meeting the qualification standards established in the request for qualifications.
- (4) Based on the documents prepared pursuant to (a)(1) above, the District shall prepare a request for proposals that invites shortlisted entities to submit competitive sealed proposals in the manner prescribed by the District. The request for proposals shall identify the scope of the project and its estimated cost, whether the contract will be awarded on the basis of low bid or best value, significant factors that the District expects to consider in evaluating proposals, and the relative importance or weight assigned to each factor.

(5) For those projects utilizing low bid, the competitive bidding process shall result in lump-sum bids by shortlisted design-build entities, and contract award shall be made to the design-build entity that is the lowest responsible bidder. For those projects utilizing best value, the selection process shall proceed as follows:

- i. Competitive proposals shall be evaluated by the criteria specified in the request for proposals, including price, technical design, construction expertise, and life-cycle costs over 15 years or more.
- ii. The District may hold discussions or negotiations with respondents utilizing a process described in the request for proposals.
- iii. When the District's evaluation is complete, respondents shall be ranked based on a determination of value provided.
- iv. Contract award shall be made to the responsible design-build entity whose proposal is determined by the District to offer the best value to the public.

(b) The progressive design-build procurement process shall proceed as follows:

- (1) The District shall select a design-build entity based solely on qualifications following the issuance of a request for qualifications containing, at a minimum, the elements listed in subsection (a)(2).
- (2) The District may enter into a contract with the most-qualified design-build entity to begin design and preconstruction activities sufficient to establish a guaranteed maximum price for remaining project work.
- (3) If the District and the design-build entity agree on a guaranteed maximum price, the District may, at its sole discretion, amend the contract to permit the design-build entity to complete the remaining design, preconstruction, and construction activities necessary to complete the project.
- (4) If the costs for completing the remaining design, preconstruction, and construction activities exceed the guaranteed maximum price, the excess costs shall be the responsibility of the design-build entity. If the costs for these activities are less than the guaranteed maximum price, the design-build entity shall not be entitled to the differential between the costs and the guaranteed maximum price unless there is a prior written agreement concerning the sharing of these proceeds.
- (5) If the District and the design-build entity do not agree on a guaranteed maximum price, or the District otherwise elects not to amend the contract to complete the remaining work, the District may (i) select another design-build entity to complete all remaining work, (ii) complete the remaining design work utilizing District forces or a design consultant and award a construction contract pursuant to Section 8142, (iii) require the original design-build entity to complete the

remaining design work at a negotiated price and award a construction project pursuant to Section 8142, or (iv) complete all remaining work utilizing District forces.

(c) The construction manager/general contractor procurement process shall proceed as follows:

- (1) The District shall select a construction manager based solely on qualifications following the issuance of a request for qualifications containing, at a minimum, the elements listed in subsection (a)(2), and soliciting the following information:
  - i. Any prior serious or willful violations of the California Occupational Safety and Health Act of 1973 or the federal Occupational Safety and Health Act of 1970, settled against the construction manager or any of its member;
  - ii. Debarment, disqualification, or removal from a federal, state, or local government public works project, as well as any instance in which a construction manager, or any of its members, submitted a bid on a public works project and was found to be not responsive or not responsible by an awarding body;
  - iii. Any instance in which the construction manager, or any of its members, defaulted on a construction contract;
  - iv. Any violations of the Contractors State License Law, excluding alleged violations of federal or state laws including the payment of wages, benefits, apprenticeship requirements, or personal income tax withholding, or of the Federal Insurance Contributions Act withholding requirements against the construction manager, or any of its members;
  - v. Bankruptcy or receiving by the construction manager, or any of its members, including information concerning any work completed by a surety; and
  - vi. All settled adverse claims, disputes, or lawsuits between the owner of a public works project and the construction manager, or any of its members, during the five years preceding submission of a bid pursuant to this section, in which the claim, settlement, or judgment exceeds fifty thousand dollars (\$50,000).
- (2) The District shall enter into negotiations for a contract for preconstruction services with the highest qualified construction manager for each contract identified in the request for qualifications. If the District is unable to negotiate a satisfactory contract with the highest qualified construction manager, the District shall terminate negotiations and undertake negotiations with the next most qualified construction manager in sequence until an agreement is reached or a determination is made to reject all construction managers.

- (3) A contract for construction services shall be awarded to the construction manager/general contractor after construction documents have been sufficiently developed and either a fixed price or a guaranteed maximum price has been successfully negotiated. In the event a fixed price or a guaranteed maximum price is not negotiated, the District shall not award the contract for construction services to the construction manager/general contractor and may either award a construction contract pursuant to Section 8142 or complete all remaining work utilizing District forces.

(d) For projects utilizing the progressive design-build or construction manager/general contractor method, the District may elect to do any or all of the following in order to expedite project delivery and/or facilitate contract negotiations:

- (1) Permit the design-build entity or construction manager/general contractor to procure equipment or materials prior to the establishment of a fixed price or guaranteed maximum price, provided that the equipment or materials are identified in an existing contract, their cost is within the contract amount, and the design-build entity or construction manager/general contractor utilizes a low bid or best value procurement process as provided in the contract.
- (2) Include terms and conditions in the initial contract that pertain to design, preconstruction, or construction activities not covered by the contract amount, provided that the District has the authority to terminate the contract prior to the initiation of such activities if the parties do not negotiate a fixed price or guaranteed maximum price covering the activities or the District elects to terminate the contract for other reasons.
- (3) Require the design-build entity or construction manager/general contractor to submit fee proposals for design, preconstruction, or construction activities in response to the request for qualifications, provided that such proposals are not factored into the selection process.

(e) For design-build and progressive design-build projects, the District may identify specific types of subcontractors that shall be listed in the design-build entity's statement of qualifications. Following the award of any contract pursuant to this section, except for those construction subcontractors previously listed in response to a request for qualifications, all construction subcontracts with a value exceeding one-half of one percent of the contract price allocable to construction work shall be awarded either on a best value basis or to the lowest responsible bidder, as determined by the District.
